[The chief executive officer of each hospital in this state shall designate one or more trained persons to request anatomical gifts which persons shall not be connected with determination of death. The hospital official may designate a representative of an organ or tissue procurement organization to request consent.

2. When there is a patient who is a suitable candidate for organ or tissue donation based on hospital accepted criteria the designee shall request consent to a donation from the persons authorized to give consent as specified in subdivision (1), (2), (3), (4), (5) or (6) of subsection 2 of section 194.220. The request shall be made in the order of priority stated in subsection 2 of section 194.220. When the hospital cannot, from available information, ascertain that the patient has next-of-kin authorized to give consent as specified in subdivision (2), (3), (4), (5) or (6) of subsection 2 of section 194.220, then the hospital shall notify and request consent to a donation from a member of the class described in subdivision (7) of subsection 2 of section 194.220. Such notification to a member of the class described in subdivision (7) of subsection 2 of section 194.220 shall occur before death where practicable.

3.] Each hospital shall comply with the requirements of 42 CFR 482.45, as amended, which establishes standards for hospital participation in the organ procurement and donation process.

[4.] **3.** Consent shall be obtained by the methods specified in section 194.240.

[5.] **4.** Where a donation is requested, the designee shall verify such request in the patient's medical record. Such verification of request for organ donation shall include a statement to the effect that a request for consent to an anatomical gift has been made, and shall further indicate thereupon whether or not consent was granted, the name of the person granting or refusing the consent, and his or her relationship to the decedent.

[6. Upon the approval of the designated next of kin or other individual, as set forth in subsection 2 of section 194.220, the hospital shall then notify an organ or tissue procurement organization and cooperate in the procurement of the anatomical gift or gifts pursuant to applicable provisions of sections 194.210 to 194.290.

7.] **5.** No hospital shall have an obligation to retrieve [the] **an** organ or tissue donated pursuant to [this section] **sections 194.210 to 194.307.**

194.240. 1. A gift of all or part of the body [under] **pursuant to** subsection 1 of section 194.220 may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

2. A gift of all or part of the body [under] **pursuant to** subsection 1 of section 194.220 may also be made by document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor in the presence of two witnesses who must sign the document in [his] **the donor's** presence or before a notary or other official authorized to administer oaths generally. If the donor cannot sign, the document may be signed for [him] **the donor** at [his] **the donor's** direction and in [his] the donor's presence in the presence of two witnesses who must sign the document in [his] the donor's presence. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

3. The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by a physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death or if the gift cannot be implemented, a physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee [under] **pursuant to** this subsection shall not participate in the procedures for removing or transplanting a part.

4. Notwithstanding the provisions of subsection 2 of section 194.270, the donor may designate in his or **her will**, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician to carry out the appropriate procedures. For the purpose of removing an eye or part thereof, any medical technician employed by a hospital, physician or eye bank and acting under supervision may perform the appropriate procedures. Any medical technician authorized to perform such procedure shall successfully complete the course prescribed in section 194.295 for embalmers.

5. Any gift by a person designated in subsection 2 of section 194.220 shall be made by a document signed by him or her or made by his **or her** telegraphic, recorded telephonic, or other recorded message.

The statement to be effective shall be signed by the owner of the license in the presence of two witnesses, who shall sign the statement in the presence of the donor. Use of the form is prima facie evidence that the owner of the license intended to make the anatomical gift, and there shall be no civil or criminal liability for removal of any part of the body indicated on the form by a licensed physician [or], surgeon **or donee**. The gift becomes effective upon the death of the donor. Delivery of the license during the donor's lifetime is not necessary to make the gift valid. The gift shall become invalidated upon expiration, cancellation, revocation, or suspension of the license, and the gift must be renewed upon renewal of each license. Pertinent medical information which may affect the quality of the gift may be included in the statement of gift.

7. Any person eighteen years of age or older, or any person under the age of eighteen with parental consent who indicates the desire to make an organ donation through any method prescribed in this section may also contact the department of health and senior services when completing such form, so that the information may be included in the registry maintained by the department pursuant to subsection 1 of section 194.304. Failure to contact the department of health and senior services shall not be construed to challenge the validity of the organ donation.

8. Organ procurement organizations and tissue banks may [employ] **engage** coordinators to assist in the procurement of cadaveric organs and tissue for transplant or research. A coordinator who assists in the procurement of cadaveric organs or tissue for transplantation or research must do so under the direction and supervision of a physician or surgeon. With the exception of organ procurement surgery, this supervision may be indirect supervision. For purposes of this subsection, the term "indirect supervision" means that a physician or surgeon is responsible for the medical actions of the coordinator, that the coordinator is acting under protocols expressly approved by a physician or surgeon, and that a physician or surgeon is available, in person or by telephone, to provide medical direction, consultation and advice in cases of organ and tissue donation and procurement.

9. The department of health and senior services shall collect information and publish an annual report which shall include the number of organ and tissue donations made in the state, the number of organ or tissue donations received by citizens of the state of Missouri, the number of organ or tissue donations transported outside the state boundaries and the cost of such organ or tissue donations.

There shall be no money appropriated from general revenue to administer the fund in the event the fund cannot sustain itself.

- (4) Implementation **and promotion** of organ donation awareness programs in the secondary schools of this state by the department of elementary and secondary education; **and**
- (5) Implementation and promotion of programs which promote minority or ethnic organ donation.**

194.300. 1. Further amend said bill, Page 1, Section A, Line 4, by inserting after all of said line the following:

"160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy, **bullying policy**, and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The **discipline** policy shall require school administrators to report acts of school violence to teachers and other school district employees with a need to know. For the purposes of this chapter or chapter 167, RSMo, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002, RSMo, to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The **discipline** policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following felonies, or any act which if committed by an adult would be one of the following felonies:

- (1) First degree murder under section 565.020, RSMo;
- (2) Second degree murder under section 565.021, RSMo;
- (3) Kidnapping under section 565.110, RSMo;
- (4) First degree assault under section 565.050, RSMo;
- (5) Forcible rape under section 566.030, RSMo;
- (6) Forcible sodomy under section 566.060, RSMo;
- (7) Burglary in the first degree under section 569.160, RSMo;
- (8) Burglary in the second degree under section 569.170, RSMo;
- (9) Robbery in the first degree under section 569.020, RSMo;
- (10) Distribution of drugs under section 195.211, RSMo;
- (11) Distribution of drugs to a minor under section 195.212, RSMo;
- (12) Arson in the first degree under section 569.040, RSMo;
- (13) Voluntary manslaughter under section 565.023, RSMo;
- (14) Involuntary manslaughter under section 565.024, RSMo;

- (15) Second degree assault under section 565.060, RSMo;
- (16) Sexual assault under section 566.040, RSMo;
- (17) Felonious restraint under section 565.120, RSMo;
- (18) Property damage in the first degree under section 569.100, RSMo;
- (19) The possession of a weapon under chapter 571, RSMo;
- (20) Child molestation in the first degree pursuant to section 566.067, RSMo;
- (21) Deviate sexual assault pursuant to section 566.070, RSMo;
- (22) Sexual misconduct involving a child pursuant to section 566.083, RSMo; or
- (23) Sexual abuse pursuant to section 566.100, RSMo;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The **discipline** policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The **discipline** policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The discipline policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

- (1) The superintendent, or in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and
- (2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

4. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. 921 and the following items, as defined in section 571.010, RSMo: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

5. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

6. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policy of discipline developed by each board under this section, or when reporting to his or her supervisor or other person as mandated by state law, acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the

board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

7. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. Acts of violence as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020, RSMo, to any school district in which the student subsequently attempts to enroll.

8. Spanking, when administered by certificated personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210, RSMo. The provisions of sections 210.110 to 210.165, RSMo, notwithstanding, the division of family services shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to any spanking administered in a reasonable manner by any certificated school personnel pursuant to a written policy of discipline established by the board of education of the school district. Upon receipt of any reports of child abuse by the division of family services pursuant to sections 210.110 to 210.165, RSMo, which allegedly involves personnel of a school district, the division of family services shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the division of family services and take no further action. In all matters referred back to the division of family services, the division of family services shall treat the report in the same manner as other reports of alleged child abuse received by the division. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the juvenile officer of the county in which the alleged incident occurred. The report shall be jointly investigated by the juvenile officer or a law enforcement officer designated by the juvenile officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by the juvenile officer or a law enforcement officer designated by the juvenile officer and the president of the school board or such president's designee. The investigation shall begin no later than forty-eight hours after notification from the division of family services is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the division of family services. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated. The school board shall consider the separate reports and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

- (1) The report of the alleged child abuse is unsubstantiated. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school board personnel agree that the evidence shows that no abuse occurred;
- (2) The report of the alleged child abuse is substantiated. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school district personnel agree that the evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

9. The findings and conclusions of the school board shall be sent to the division of family services. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the division of family services' central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the division of family services shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the division of family services shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the division of family services unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

10. Any superintendent of schools, president of a school board or such person's designee or juvenile officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

11. The local school board of each school district shall clearly establish a written policy prohibiting bullying by any student that shall be enforced uniformly, fairly, and consistently for all students. For the purposes of this section, bullying shall mean any written or verbal expression, or physical act or gesture, or a pattern thereof, that is intended to cause distress upon one or more students in the school, on school grounds, in school vehicles, at a designated school bus stop, or at school activities or sanctioned events. The department of elementary and secondary education shall have the authority to promulgate any rules necessary to comply with the provisions of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo."; and

Further amend the title and enacting clause accordingly.

Senator Coleman moved that the above amendment be adopted.

Senator Kenney raised the point of order that **SA 1** is out of order as the amendment goes beyond the scope and purpose of the bill.

Journal of the Senate

SECOND REGULAR SESSION

SEVENTY-FIRST DAY--MONDAY, MAY 13, 2002

The Senate met pursuant to adjournment.

President Pro Tem Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"You are my helper and my deliverer, O Lord do not tarry." (Psalm 70:6)

Gracious God, we begin this last week of our session knowing full well that some of our efforts will fail and our bills will die and become extinct when the final gavel is struck. Mindful of that we ask for Your help to show us where our strength and energy needs to be applied so that the common good be served and our vows fulfilled and the people of Missouri faithfully served. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Senator Kenney moved that the Senate Journal for Friday, May 10, 2002, be corrected on Page 1492, Column 1, Line 19, by deleting the name "Kennedy" and inserting in lieu thereof the name "Kenney", which motion prevailed.

SENATE RESOLUTION NO. 1747

"393.310. 1. This section shall only apply to gas corporations as defined in section 386.020, RSMo. This section shall not affect any existing laws and shall only apply to the program established pursuant to this section.

2. As used in this section, the following terms mean:

(1) "Aggregate", the combination of natural gas requirements of eligible school entities on a Missouri gas corporation's delivery system and by interstate pipelines for the purpose of jointly purchasing natural gas supply;

(2) "Bundled charge", the total price paid by the eligible school entity for natural gas as delivered into the distribution system;

(3) "Commission", the Missouri public service commission;

(4) "Delivery system", the natural gas distribution and transmission lines which are owned by a Missouri gas corporation and charges for use of them are regulated by the commission;

(5) "Earnings neutrality", setting the aggregation charge so that the revenues generated by the aggregation charge equal, as nearly as possible, the incremental costs caused by the experimental aggregation program;

(6) "Eligible school entity", shall include any seven-director, urban or metropolitan school district as defined pursuant to section 160.011, RSMo, and shall also include, one year after the effective date of this section and thereafter, any school for elementary or secondary education situated in this state, whether a charter, private, or parochial school or school district;

(7) "Energy seller", the entity that uses the delivery system of a gas corporation for delivery of natural gas supply from an interstate pipeline to the gas corporation's meter for use by a school or school district;

(8) "Interstate pipeline", a natural gas pipeline which delivers natural gas supply from outside the state to a Missouri gas corporation's system and which is price regulated by the Federal Energy Regulatory Commission;

(9) "Intrastate pipeline", a natural gas pipeline which delivers natural gas supply from inside the state to a Missouri gas corporation's system and which is price regulated by the commission.

3. Each Missouri gas corporation shall file, by August 1, 2002, a set of experimental small volume transportation schedules or tariffs applicable the first year to public school districts and applicable to all school districts, whether charter, private, public, or parochial, thereafter.

4. The schedules or tariffs required pursuant to subsection 3 of this section shall, at a minimum:

(1) Provide for aggregate purchasing of natural gas requirements for eligible school entities by and through a not-for-profit school association, as the principal contracting party, require energy sellers to register with the commission pursuant to subsection 8 of this section and to transfer title to the gas corporation of any natural gas for aggregate purchase, and require the not-for-profit school association to provide energy sellers with bundled charge information on a monthly basis so that the gas corporation can collect local gross receipts taxes;

(2) Establish small volume natural gas delivery charges which are equal to commission-approved gas corporation charges for general utility natural gas service, less the gas corporation's cost of purchased natural gas supply and interstate pipeline charges, plus an aggregation and monthly balancing charge not to exceed four-tenths of one cent per therm delivered;

(3) Provide eligible school entities with the option of contracting with their gas corporation for interstate pipeline capacity equal to each eligible school entity's aggregate requirements. Eligible school entities shall pay market prices to the gas corporation for use of contracted interstate pipeline capacity at prices consistent with prices that would be received when posted for release with the interstate pipeline;

(4) Not require telemetry or special metering, except for individual school meters over one hundred thousand therms annually for purposes of daily balancing on the distributor, when required by the pipeline system, provided that the gas corporation shall use its best efforts to minimize related costs;

(5) Require each gas corporation to provide to each eligible school entity or its designated agent, at least five weekdays prior to the beginning of each month, usage and heating-degree-day information for each school facility for the same month during the previous year, and any other information the gas corporation considers relevant; and

(6) Impose penalties only in accordance with gas corporation tariffs if the projected daily quantities of natural gas are not delivered to the distributor's delivery system. Such penalties shall not exceed the penalties approved by the commission in the gas corporation's large volume transportation tariffs.

5. The commission may suspend the schedules or tariffs as required pursuant to subsection 3 of this section for a period ending no later than November 1, 2002, to examine the assumptions and estimates used and to review and ensure compliance with the requirements of this section.

6. Prior to September 1, 2003, and prior to September first of each succeeding year, the not-for-profit school association which administers experimental aggregate natural gas purchasing shall report to the commission the number of participating eligible school entities, usage and gas cost savings of each entity. Within ninety days after the receipt of such report, the commission shall report to the president pro tempore of the senate and speaker of the house of representatives on the progress and public benefit of the experimental small volume natural gas aggregation provided in this section. The report shall contain such information as the commission determines is necessary to allow the general assembly to determine whether the program shall be extended in duration and applicability.

7. Prior to June 1, 2003, and prior to June first of each succeeding year, each gas corporation shall file with the commission the gas corporation's revenues from the aggregation administrative and monthly balancing charges and its costs which are a direct result of implementing experimental small volume transportation for eligible school entities. As needed from time to time, and notwithstanding the general prohibition on single-issue ratemaking, the commission shall determine the aggregation and monthly balancing charge to maintain earnings neutrality for the gas corporation.

8. (1) Any energy seller that will be transferring natural gas to a gas corporation pursuant to the tariff described in this section shall first register with the commission by filing a written statement of its intent to provide such natural gas and must maintain such registration in order to continue providing natural gas to the gas corporation pursuant to such tariff.

(2) An energy seller registering with the commission shall provide the following information and update such information when and as requested by the commission:

(a) Corporate name, address, and most recent annual report;

(b) Name and address of any affiliate of the applicant that is engaged in the provision of natural gas;

(c) A bond or other demonstration of financial capability to satisfy potential claims or expenses that can reasonably be anticipated to occur as part of the applicant's operations under its certificate, including a failure to honor contractual commitments. The adequacy of the bond or demonstration shall be determined by the commission from time to time;

(d) A description of the applicant's technical, financial, and managerial resources and abilities to comply with all applicable federal, state, regional, and industry statutes, rules, policies, practices, and procedures for the provision of natural gas; and

(e) Evidence that the applicant has an office in this state and an agent for service of process.

9. The commission may adopt by order such other procedures not inconsistent with this section which the commission determines are reasonable or necessary to administer the experimental program. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

10. This section shall terminate June 30, 2005.

393.700. Sections 393.700 to 393.770 [and section 386.025, RSMo,] shall be known as the "Joint Municipal Utility Commission Act".

(d) Nonprofit water companies; or

(e) Nonprofit sewer companies;

(5) "Person", a natural person, cooperative or private corporation, association, firm, partnership, or business trust of any nature whatsoever, organized and existing [under] **pursuant to** the laws of any state or of the United States and any municipality or other municipal corporation, governmental unit, or public corporation created under the laws of this state or the United States, and any person, board, or other body declared by the laws of any state or the United States to be a department, agency or instrumentality thereof;

(6) "Project", the purchasing, construction, extending or improving of any revenue-producing water, sewage, gas or electric light works, heating or power plants, including all real and personal property of any nature whatsoever to be

used in connection therewith, together with all parts thereof and appurtenances thereto, used or useful in the generation, production, transmission, distribution excluding retail sales, purchase, sale, exchange, transport and treatment of sewage or interchange of water, sewage, electric power and energy, or any interest therein or right to capacity thereof and the acquisition of fuel of any kind for any such purposes.

393.715. 1. The general powers of a commission to the extent provided in section 393.710 [herein and subject to the provisions of section 393.765 herein] shall include the power to:

(2) Acquire, sell, distribute and process fuels necessary to the production of electric power and energy; provided, however, the commission shall not have the power or authority to erect, own, use or maintain a transmission line which is parallel or generally parallel to another transmission line in place within a distance of two miles, which serves the same general area sought to be served by the commission unless the public service commission finds that it is not feasible to utilize the transmission line which is in place;

(3) Acquire by purchase or lease, construct, install, and operate reservoirs, pipelines, wells, check dams, pumping stations, water purification plants, and other facilities for the production, wholesale distribution, and utilization of water and to own and hold such real and personal property as may be necessary to carry out the purposes of its organization; provided, however, that a commission shall not sell or distribute water, at retail or wholesale, within the certificated area of a water corporation which is subject to the jurisdiction of the public service commission unless the sale or distribution of water is within the boundaries of a public water supply district or municipality which is a contracting municipality in the commission and the commission has obtained the approval of the public service commission prior to commencing such said sale or distribution of water;

(4) Acquire by purchase or lease, construct, install, and operate lagoons, pipelines, wells, pumping stations, sewage treatment plants and other facilities for the treatment and transportation of sewage and to own and hold such real and personal property as may be necessary to carry out the purposes of its organization;

(5) Enter into operating, franchises, exchange, interchange, pooling, wheeling, transmission and other similar agreements with any person;

(6) Make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the commission;

(7) Employ agents and employees;

(8) Contract with any person, within or outside the state, for the construction of any project or for any interest therein or any right to capacity thereof, without advertising for bids, preparing final plans and specifications in advance of construction, or securing performance and payment of bonds, except to the extent and on such terms as its board of directors shall determine. Any contract entered into pursuant to this subdivision shall contain a provision that the requirements of sections 290.210 to 290.340, RSMo, shall apply;

(9) Purchase, sell, exchange, transmit, treat, dispose or distribute water, sewage, gas, heat or electric power and energy, or any by-product resulting therefrom, within and outside the state, in such amounts as it shall determine to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and to enter into agreements with any person with respect to such purchase, sale, exchange, treatment, disposal or transmission, on such terms and for such period of time as its board of directors shall determine.

A commission may not sell or distribute water, gas, heat or power and energy, or sell sewage service at retail to

ultimate customers outside the boundary limits of its contracting municipalities except pursuant to subsection 2 or 3 of this section;

(10) Acquire, own, hold, use, lease, as lessor or lessee, sell or otherwise dispose of, mortgage, pledge, or grant a security interest in any real or personal property, commodity or service or interest therein;

(11) Exercise the powers of eminent domain for public use as provided in chapter 523, RSMo, except that the power of eminent domain shall not be exercised against any electric cooperative association, municipally owned or public utility;

(17) Notwithstanding the provisions of any other law, invest any funds held in reserve or sinking funds, or any funds not required for immediate disbursement, including the proceeds from the sale of any bonds, in such obligations, securities and other investments as the commission deems proper;

(18) Join organizations, membership in which is deemed by the board of directors to be beneficial to accomplishment of the commission's purposes;

(19) Exercise any other powers which are deemed necessary and convenient by the commission to effectuate the purposes of the commission; and

(20) Do and perform any acts and things authorized by this section under, through or by means of an agent or by contracts with any person.

2. When a municipality purchases a privately owned water utility and a commission is created pursuant to sections 393.700 to 393.770, the commission may continue to serve those locations previously receiving water from the private utility even though the location receives such service outside the geographical area of the municipalities forming the commission. New water service may be provided in such areas if the site to receive such service is located within one-fourth of a mile from a site serviced by the privately owned water utility.

3. When a commission created by any of the contracting entities listed in subdivision (4) of section 393.705 becomes a successor to any nonprofit water corporation, nonprofit sewer corporation or other nonprofit agency or entity organized to provide water or sewer service, the commission may continue to serve, as well as provide new service to, those locations and areas previously receiving water or sewer service from such nonprofit entity, regardless of whether or not such location receives such service outside the geographical service area of the contracting entities forming such commission; provided that such locations and areas previously receiving water and sewer service from such nonprofit entity are not located within:

(1) Any county of the first classification with a population of more than six hundred thousand and less than nine hundred thousand;

(2) The boundaries of any sewer district established pursuant to article VI, section 30(a) of the Missouri Constitution; or

(3) The certificated area of a water or sewer corporation that is subject to the jurisdiction of the public service commission.

393.725. 1. Bonds issued pursuant to sections 393.700 to 393.770 by a commission shall be payable, as to the principal and interest, solely from the net revenues derived by the commission from the operation of the commission's project or projects, after providing for the costs of operation and maintenance of the commission's project or projects, or from any other funds made available to the commission from sources other than from proceeds of taxation.

2. Each bond issued pursuant to the provisions of sections 393.700 to 393.770 shall contain a statement that such bond is not an indebtedness of the state, or of any political subdivision thereof, other than the joint municipal utility commission, or of the contracting municipalities, the contracting public water supply districts or the contracting sewer districts, but shall be special obligations of the commission only and that neither the faith and credit nor the taxing power of the state or of any political subdivision thereof, or of the contracting municipalities, contracting public water supply districts or contracting sewer districts is pledged to the payment of or the interest on such bonds. The bonds shall not be deemed to be an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. Neither the members of the board of directors of a commission nor any person executing the bonds shall be liable personally on the bonds by reason of the lawful issuance thereof.

3. A commission, subject to the provisions of section 393.760, may from time to time issue its bonds in such principal amounts as it deems necessary to provide sufficient funds to purchase, construct, extend or improve a project, including the establishment or increase of reserves, interest accrued during construction of such project and for a period not exceeding one year after the completion of construction of such project, and the payment of all other costs or expenses of the commission incident to and necessary or convenient to carry out its corporate purposes and powers.

4. Bonds of a commission shall be authorized by resolution of the board of directors and may be issued under such resolution or under a trust indenture or other security instrument, as authorized by the resolution, in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon, registered or both, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places within or without the state, and be subject to such terms of redemption, with or without premium, as such resolution, trust indenture or other security instrument may provide, and without limitation by the provisions of any other law limiting amounts, maturities or interest rates.

5. The bonds shall be sold at public sale [and in the event of a rejection of all bids by the commission, the bonds may be sold] **or** at private sale as the commission may provide and at such price or prices as the commission shall determine [or for a joint municipal utility commission within a fifteen-county area being served with water from a lake constructed by the U.S. Army Corps of Engineers and located north of the Missouri River, if the commission determines it is in the best interest of the commission, at private sale. The reason or reasons why private sale is in the best interest of the people served shall be set forth in the order or resolution authorizing the private sale]. The decision of the commission shall be conclusive.

6. The bonds may be signed by manual or facsimile signatures as determined by resolution of the board. In case any of the officers whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of such obligations, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery.

7. Pending preparation of definitive bonds, a commission may issue temporary bonds which shall be exchanged for the definitive bonds when such bonds shall have been executed and are available for delivery.

8. All bonds issued under the provisions of sections 393.700 to 393.770 shall be negotiable instruments [under] **pursuant to** the provisions of the uniform commercial code of the state.

393.740. 1. All bonds issued pursuant to sections 393.700 to 393.770 and all income or interest thereon shall be exempt from all state taxes, except estate and transfer taxes.

2. All property, real and tangible personal, **except for properties acquired exclusively for water supply districts**, acquired by the bonds issued pursuant to sections 393.700 and 393.770 or otherwise acquired by a commission shall be subject to taxation for state, county, and municipal and other local purposes **only** to the same extent as [bridge and public utility companies under the provisions of sections 153.030, RSMo, and 138.420, RSMo, except for those properties acquired exclusively for water supply districts] **if such property was owned directly by each participating municipality in proportion to the percentage of each municipality's interest or participation in the facility or property.**

[386.025. Any joint municipal utility commission established by contract for the purpose of owning, operating, controlling or managing all or part of any gas or electric light works, heating or power plants, or gas or electrical production, distribution or transmission facilities shall be considered a gas corporation or electrical corporation, as the case may be, as those terms are defined in this chapter.]

[393.295. All provisions of this chapter and chapter 386, RSMo, concerning court proceedings and the jurisdiction, supervision, powers and duties of the public service commission with reference to gas corporations and electrical corporations, including, but not limiting by enumeration those provisions concerning supervision, investigations, complaints, hearings, reports, approval of certificates of franchises, granting of certificates, approval of issues of stocks, bonds, notes and other evidence of indebtedness, keeping of accounts, fixing of just and reasonable rates, which shall be based on costs associated with any property of such corporations, shall be and are hereby made fully applicable to any joint municipal utility commission which owns, operates, controls or manages all or part of any gas or electric light works, heating or power plants, electrical energy resources or gas or electrical production, distribution or transmission facilities in this state. Nothing contained herein, however, shall affect the rights, privileges or duties of existing corporations pursuant to this chapter, including the construction of facilities within an existing certificated area.]

[393.765. All provisions of chapters 386, RSMo, and 393 in reference to the jurisdiction, supervision, powers and duties of the public service commission with reference to gas and electrical corporations are hereby made applicable to any commission proposed to be created pursuant to sections 393.700 to 393.770 which commission proposes to own, operate, control or manage any gas or electrical light works, heating or power plant in this state, and such provisions shall have full application thereto.]

Further amend said bill, Page 4, Section 392.410, Line 77, by inserting after said line the following:

"441.238. 1. For the purposes of this section, the following terms mean:

- (1) "Multiple dwelling unit", any residential structure that contains four or more separate residential units;**
- (2) "Owner", the record owner or owners, and the beneficial owner and owners when other than the record owner, of the freehold of the premises or lesser estate therein, a mortgagee or vendee in possession, assignee of rents, receiver, personal representative, trustee, lessee, agent, or any other person in control of a dwelling unit; and**
- (3) "Provider", a business that holds a certification of services authority to provide local exchange telecommunication service from the Missouri public service commission or a business that holds a cable franchise with a local governing body pursuant to 47 U.S.C. Section 541.**

2. An owner who has entered into an agreement with a provider to grant the provider an exclusive easement or an exclusive right to provide service to the owner's multiple dwelling units may, at the owner's option and without penalty, void the exclusivity provisions of the existing agreement if the owner intends to enter into an agreement with another provider who requests to serve the owner's multiple dwelling units. The owner may then negotiate an agreement with the requesting provider, provided that the subsequent agreements with the requesting provider and the incumbent provider do not place the owner in a worse position financially than the original agreement with the incumbent provider.

3. In no event shall an owner be mandated to allow a particular provider access to their property. However, should an owner decide to negotiate with a provider and if the requesting provider and the owner cannot agree on an appropriate rate of compensation or cannot determine the amount of compensation that is necessary to not place the owner in a worse position financially than the original agreement with the incumbent provider, an arbitrator shall be appointed to determine the appropriate level of compensation due to the owner. The arbitrator shall be an individual who is mutually agreeable to the parties or, if the parties cannot agree, the requesting provider may file a petition with the state circuit court to request that a judge appoint the arbitrator. The terms and conditions of the original agreement with the incumbent provider shall be made available to the arbitrator. The cost of such a petition and arbitrator shall be borne by the requesting provider.

4. After August 28, 2002, a provider and an owner shall not enter into any new agreement, renew any existing agreement, or add any multiple dwelling units to an existing agreement that gives the provider an exclusive easement or an exclusive right to provide service to the owner's multiple dwelling units.

5. Any provision of an existing agreement that grants a provider an exclusive easement or an exclusive right to provide service to an owner's multiple dwelling units shall expire five years from the date the agreement was executed or on April 1, 2005, whichever first occurs, unless the owner exclusively desires for the contract to continue for the existing length of said contract.

6. An owner shall not enter into an agreement, and a provider shall not enforce an agreement, that is designed to circumvent rules prescribed by the Federal Communications Commission with respect to cable home run wiring or inside wiring that is used to provide telecommunication services to tenants.

7. Nothing in this section shall limit the jurisdiction of the public service commission regarding private shared tenant services pursuant to section 392.520, RSMo."; and

5. Any public school board member, officer or employee, including library personnel, who willfully neglects or refuses to perform a duty imposed by this section shall be subject to the penalties imposed pursuant to section 162.091, RSMo.

6. A public school or public school board member, officer or employee, including library personnel; public library or public library board member, officer, employee or trustee that complies with subsection 1 or 3 of this section or an Internet service provider providing Internet connectivity to such public school or library in order to comply with this section shall not be criminally liable or liable for any damages that might arise from a minor gaining access to material that is pornographic for minors through the use of a public access computer that is owned or controlled by the public school or public library."; and

SENATE AMENDMENT NO. 9

Amend Senate Committee Substitute for House Bill No. 1402, Page 1, Section 71.970, Line 8, by adding after the "." on said line the following:

"386.887. 1. This section shall be known and may be cited as the "Consumer Clean Energy Act".

2. As used in this section, the following terms mean:

- (1) "Commission", the public service commission of the state of Missouri;**
- (2) "Customer-generator", a consumer of electric energy who purchases electric energy from a retail electric energy supplier and is the owner of a qualified net metering unit;**
- (3) "Local distribution system", facilities for the distribution of electric energy to the ultimate consumer thereof;**
- (4) "Net energy metering", a measurement of the difference between the electric energy supplied to a customer-generator by a retail electric supplier and the electric energy generated by a customer-generator that is delivered to a local distribution system at the same point of interconnection;**
- (5) "Qualified net metering unit", an electric generation unit which:**
 - (a) Is owned by a customer-generator;**
 - (b) Is a hydrogen fuel cell or is powered by sun, wind or biomass;**
 - (c) Has an electrical generating system with a capacity of not more than one hundred kilowatts;**
 - (d) Is located on the premises that are owned, operated, leased or otherwise controlled by the customer-generator;**
 - (e) Is interconnected and operates in parallel and in synchronization with a retail electric supplier; and**
 - (f) Is intended primarily to offset part or all of the customer-generator's own electrical requirements;**
- (6) "Retail electric supplier" or "supplier", any person that sells electric energy to the ultimate consumer thereof;**
- (7) "Value of electric energy", the total resulting from the application of the appropriate rates, which may be time of use rates at the option of the supplier, to the quantity of electric energy produced from qualified net metering units or to the quantity of electric energy sold to customer-generators.**

3. By August 28, 2003, each retail electric supplier shall adopt rates, charges, conditions and contract terms for the purchase from and the sale of electric energy to customer-generators. The commission, in consultation with the department and retail electric suppliers, shall develop a simple contract for such transactions and make it

available to eligible customer-generators and retail electric suppliers. Upon agreement of the wholesale generator supplying electric energy to the retail electric supplier, at the option of the retail electric supplier, the purchase from the customer-generator may be by the wholesale generator. Any time of use or other rates charged for electric energy sold to customer-generators shall be the same as those made available to any other customers with the same net electric energy usage pattern including minimum bills and service availability charges. Rates for electric energy generated by the customer-generator from a qualified net generating unit and sold to the retail electric supplier or its wholesale generator shall be the avoided cost (time of use or non-time of use) of the generation used by the retail electric supplier to serve its other customers. Whenever a customer-generator with a qualified net generating unit uses any energy generation method entitled to eligibility under a minimum renewable energy generation requirement, the total amount of energy generated by that method shall be treated as generated by the generator providing electric energy to the retail electric supplier for purposes of such requirement. The wholesale generator, at the option of the retail electric supplier, shall receive credit for emissions avoided by the wholesale generator because of electric energy purchased by the wholesale generator or the retail electric supplier from a qualified net metering unit. If the supplier is required to file tariffs with the commission, the commission shall review the reasonableness of the charges provided in such tariffs.

4. Each retail electric supplier shall calculate the net energy measurement for a customer-generator in the following manner:

- (1) The retail electric supplier shall individually measure both the electric energy produced and the electric energy consumed by the customer-generator during each billing period using an electric metering capable of such function, either by a single meter capable of registering the flow of electricity in two directions or by using multiple meters;**
- (2) If the value of the electric energy supplied by the retail electric supplier exceeds the value of the electric energy delivered by the customer-generator to the retail electric supplier during a billing period, then the customer-generator shall be billed for the net value of the electric energy supplied by the retail electric supplier in accordance with the rates, terms and conditions established by the retail electric supplier for customer-generators; and**
- (3) If the value of the electric energy generated by the customer-generator exceeds the value of the electric energy supplied by the retail electric supplier, then the customer-generator:**
 - (a) Shall be billed for the appropriate customer charges for that billing period; and**
 - (b) Shall be credited for the excess value of the electric energy generated and supplied to the retail electric supplier during the billing period, with this credit appearing on the bill for the following billing period.**

5. A retail electric supplier shall not be required to provide net metering service with respect to additional customer-generators after the date during any calendar year on which the total generating capacity of all customer-generators with qualified net metering units served by that retail electric supplier is equal to or in excess of the lesser of ten thousand kilowatts or one-tenth of one percent of the capacity necessary to meet the company's aggregate customer peak demand for the preceding calendar year.

6. Each retail electric supplier shall maintain and make available to the public records of the total generating capacity of customer-generators of the supplier that are using net metering, the type of generating systems and energy source used by the electric generating systems which customer-generators use. Each such retail electric supplier shall notify the commission when the total generating capacity of such customer-generators is equal to or in excess of the lesser of ten thousand kilowatts or one-tenth of one percent of the capacity necessary to meet the company's aggregate customer peak demand for the preceding calendar year.

7. Each qualified net metering unit used by a customer-generator shall meet all applicable safety, performance, synchronization, interconnection and reliability standards established by the commission, the National Electrical Safety Code, National Electrical Code, the Institute of Electrical, Electronics Engineers, and Underwriters Laboratories. Each qualified net metering unit used by a customer-generator shall also meet all reasonable

standards and requirements established by the retail electric supplier to enhance employee, consumer and public safety and the reliability of electric service to the customer-generator and other consumers receiving electric service from the retail electric supplier. Each qualified net metering unit used by a customer-generator shall also comply with all applicable local building, electrical and safety codes. The customer-generator shall obtain liability insurance coverage in amounts and coverage as set by the commission by rule applicable to all qualified net metering units.

8. The cost of meeting the standards of subsection 7 of this section and any cost to install additional controls, to install additional metering, to perform or pay for additional tests or analysis of the effect of the operation of the qualified net metering unit on the local distribution system shall be paid by the customer-generator.

9. Applications by a customer-generator for interconnection to the distribution system shall include a copy of the plans and specifications for the qualified net metering unit for review and acceptance by the retail electric supplier. Prior to connection of the qualified net metering unit to the distribution system, the customer-generator will furnish the retail electric supplier a certification from a qualified professional electrician or engineer that the installation meets the requirements of subsection 7 of this section. Such applications shall be reviewed and responded to by the retail electric supplier within ninety days. If the application for interconnection is approved by the retail electric supplier, the retail electric supplier shall complete the interconnection within fifteen days if electric service already exists to the premises, unless a later date is mutually agreeable to both the customer-generator and the retail electric supplier.

10. The sale of qualified net metering units shall be subject to the provisions of sections 407.700 to 407.720, RSMo. The attorney general shall have the authority to promulgate in accordance with the provisions of chapter 536, RSMo, rules regarding mandatory disclosures of information by sellers of qualified net metering units. Such rules shall as a minimum require disclosure of the standards of subsection 7 of this section and potential liability of the owner or operator of a qualified net metering unit to third persons for personal injury or property damage as a result of negligent operation of a qualified net metering unit. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void."; and

"67.584. 1. The governing body of any county of the first classification without a charter form of government with a population of greater than one hundred ninety-eight thousand inhabitants and less than one hundred ninety-eight thousand two hundred inhabitants, is hereby authorized to impose, by ordinance or order, a sales tax in the amount of up to one-half percent on all retail sales made in such county which are subject to taxation under the provisions of sections 144.010 to 144.525, RSMo, for the purpose of providing law enforcement services for such county. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to the provisions of this section shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose a tax.

2. If the proposal submitted involves only authorization to impose the tax authorized by this section, the ballot of submission shall contain, but need not be limited to, the following language:

"Shall the county of (county's name) impose a countywide sales tax of (insert amount) for the purpose of providing law enforcement services for the county?"

Yes No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to this subsection, then the ordinance or order and any amendments thereto shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If a proposal receives less than the required majority, then the governing body of the county shall have no power to impose the sales tax herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. Twenty-five percent of the revenue received by a county treasurer from the tax authorized pursuant to the provisions of this section shall be deposited in a special trust fund and shall be used solely by a prosecuting attorney's office for such county for so long as the tax shall remain in effect. The remainder of revenue shall be deposited in the county law enforcement sales tax trust fund established pursuant to section 67.582 of the county levying the tax pursuant to this section.

4. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the prosecuting attorney's trust fund shall be used solely by a prosecuting attorney's office for the county. Any

funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other county funds.

All sales taxes collected by the director of revenue under this section on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Prosecuting Attorney's Office Sales Tax Trust Fund" or in the county law enforcement sales tax trust fund, pursuant to the deposit ratio in subsection 3 of this section. The moneys in the trust funds shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trusts and which was collected in each county imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust funds during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from either trust fund shall be by an appropriation act to be enacted by the governing body of each such county. Expenditures may be made from the funds for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters.

6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust funds and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the appropriate trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county established pursuant to this section. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

2. The ballot of submission shall contain, but need not be limited to, the following language:

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the regional transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the regional transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. Within ten days after the adoption of any resolution in favor of the adoption of a regional transportation development district sales tax by the qualified voters of such regional transportation development district, the

regional transportation development district shall forward to the director of revenue, by United States registered mail or certified mail, a certified copy of the resolution of its board of directors. The resolution shall reflect the effective date thereof. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of such tax.

4. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. Upon the expiration of the period of years approved by the qualified voters pursuant to this section or if the tax authorized by this section is repealed pursuant to this section, all funds remaining in the special local trust fund shall continue to be used solely for such designated transportation purposes. Any funds in such special local trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other regional transportation development district funds.

6. The sales tax may be imposed at a rate of up to one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the regional transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to sections 144.010 to 144.525, RSMo, except such regional transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats, or outboard motors nor to public utilities. Any regional transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by the resolutions as authorized by this section, plus any amounts imposed pursuant to other provisions of law.

8. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, governing local sales taxes, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed in this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed in this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the regional transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the state sales tax laws for the collection of and for payment of

taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

9. If any regional transportation development district repeals the tax authorized by this section, the regional transportation development district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal and the director of revenue may order retention, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax authorized by this section in such regional transportation development district, the director of revenue shall remit the balance in the account to the regional transportation development district and close the account of that transportation development district. The director of revenue shall notify each regional transportation development district of each instance of any amount refunded or any check redeemed from receipts due the regional transportation development district.

10. (1) No regional transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects.

(2) Whenever the board of directors of any regional transportation development district in which a regional transportation development sales tax has been imposed pursuant to this section receives a petition, signed by ten percent of the qualified voters of such regional transportation development district calling for an election to repeal such sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued or which have been issued by the commission to finance any project or projects, submit to the voters of such regional transportation development district a proposal to repeal the sales tax imposed pursuant to this section at the next municipal, state general, primary, or special election. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the sales tax, then the resolution imposing the sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the sales tax, then the ordinance or resolution imposing the sales tax, along with any amendments thereto, shall remain in effect.

238.526. 1. If approved by a majority of the qualified voters voting on the question in the district, the district may charge and collect tolls or fees for the use of a transportation project. The board may charge a lower toll rate or fee than that amount approved by the district voters, and may increase that lower toll rate or fee to a level not exceeding the toll or fee rate ceiling without voter approval. Toll rates or fees for the use of the same project may vary at the election of the board, depending upon the type or nature of the user, or the type or nature of the use.

2. The ballot of submission shall be substantially in the following form:

Shall the Regional Transportation Development District be authorized to charge tolls or fees in amounts not to

exceed those given below:

Maximum Toll or Fee Toll or Fee Description (Insert amount) (Insert a brief description of the toll or fee, distinguishing it from other tolls or fees to be charged on the same project)(Insert amount) (Describe the next toll or fee charged) (Etc.) (Etc.) for the purpose of providing revenue to fund a project (or projects) in the district (insert general description of the project or projects, if necessary)?

[] YES [] NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. To construct a toll facility, a district may relocate an existing state highway or bridge, subject to approval by the commission, or an existing local public bridge, street, or road, subject to approval by the local transportation authority having control and jurisdiction over such street or road. A district shall not incorporate an existing free public bridge, street, road, or highway into a district project that will be subject to tolls.

238.528. A district may:

- (1) Contract and incur liabilities appropriate to accomplish its purposes;**
- (2) Lease or lease-purchase any real or personal property necessary or convenient for its purposes;**
- (3) Borrow money for its purposes at such rates of interest as the district may determine; and**
- (4) Issue bonds, notes, and other obligations, and may secure any of such obligations by mortgage, pledge, assignment, or deed of trust of any or all of the property and income of the district, subject to the restrictions provided in sections 238.500 to 238.552. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it obtained by eminent domain. The district shall not mortgage, pledge, or give a deed of trust on any real property or interests which it acquired from the state of Missouri or any agency or political subdivision thereof without the written consent of the state, agency, or political subdivision from which it obtained the property.**

238.530. 1. A district may at any time authorize or issue revenue bonds for the purpose of paying all or any part of the cost of any project. Every issue of such bonds shall be payable out of the revenues of the district and may be further secured by other property of the district which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds shall be authorized by resolution of the district, and if issued by the district, shall bear such date or dates, and shall mature at such time or times, but not in excess of twenty-five years, as the resolution shall specify. Such bonds shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places and subject to redemption as such resolution may provide notwithstanding section 108.170, RSMo. The bonds may be sold at either public or private sale, at such interest rates, and at such price or prices as the district shall determine.

2. Any issue of district bonds outstanding may be refunded at any time by the district by issuing its refunding bonds in such amount as the district may deem necessary. Such bonds may not exceed the amount sufficient to refund the principal of the bonds so to be refunded together with any unpaid interest thereon and any premiums, commissions, service fees, and other expenses necessary to be paid in connection with the refunding. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds being refunded or by the exchange of the refunding bonds for the bonds being refunded with the consent of the holder or holders of the bonds being refunded. Refunding bonds may be issued regardless of

whether the bonds being refunded were issued in connection with the same project or a separate project and regardless of whether the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

3. If the proposed project is intended to be merged into the state highways and transportation system for future maintenance under the commission's jurisdiction, the district may contract with the commission to assist it in issuing district revenue bonds and refunding bonds. The district may also contract with the commission to issue commission revenue bonds and refunding bonds and to loan the proceeds thereof to the district. Such bonds shall be authorized by commission minute and shall be issued subject to conditions applicable to bonds issued by the district but as determined by the commission rather than the district.

4. Bonds issued pursuant to this section shall exclusively be the responsibility of the district payable solely out of district funds and property provided in sections 238.500 to 238.552 and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Neither the district nor the commission shall be obligated to pay such bonds with any funds other than those specifically pledged to repayment of the bonds. Any bonds issued by a district or the commission shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

5. Bonds issued pursuant to this section, the interest thereon, or any proceeds from such bonds shall be exempt from taxation in the state of Missouri for all purposes except the state estate tax.

238.532. The district may:

- (1) Purchase land or receive contributions of land and cash for project right-of-way;
- (2) Limit and control access from adjacent property to a district project; and
- (3) Sell and convey excess right-of-way for fair market value to any person or entity.

238.534. 1. The district may condemn lands for a project in the name of the state of Missouri as to the necessity for the taking of the description of the parcel and the interest taken in that parcel.

2. If condemnation becomes necessary the district shall act pursuant to chapter 523, RSMo, and may condemn a fee simple or other interest in land.

3. The district may, after prior notice to the owner to enter upon private property, survey and determine the most advantageous route and design. The district shall be liable for all damages done to the property by such inspection.

4. Any person who involuntarily transfers any interest in land to a district which becomes insolvent and comes under the jurisdiction of a court may reacquire that property by paying to the district the total amount of the condemnation award for that parcel, plus statutory interest at the statutory rate from the date of taking on the amount of that award, if the project will not be completed by either the district, the commission, or a local transportation authority.

5. Whenever a district undertakes any project which results in the acquisition of real property or in any person or persons being displaced from their homes, businesses, or farms, the district shall provide relocation assistance and make relocation payments to such displaced person and do such other acts and follow such procedures as would be necessary to comply with the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

238.536. The district may contract with:

- (1) A federal agency, a state or its agencies and political subdivisions, the commission, a local transportation authority, a corporation, partnership, or individual regarding funding, promotion, planning, designing,

constructing, improving, maintaining, or operating a project or to assist in such activity; and

(2) The commission to transfer the project to the commission free of cost or encumbrance on such terms set forth by contract. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts under chapter 536, RSMo;

(3) The local transportation authority to transfer the project to the local transportation authority free of cost or encumbrance on such terms set forth by contract.

238.538. In addition to all other powers granted by sections 238.500 to 238.552, the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(2) To fix compensation of its employees and contractors. All contracts in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

(3) To purchase any personal property necessary or convenient for its activities. All outright purchases of personal property in excess of ten thousand dollars between the district and any private person, firm, or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

(4) To collect and disburse funds for its activities; and

(5) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

238.540. 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers, and its employees from any potential liability, and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

2. The district may also require contractors performing construction or maintenance work on the project to obtain liability insurance having the district, its directors, and its employees as additional named insureds.

3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

238.542. The district may contract with the commission and local transportation authorities to obtain assistance in project funding, promotion, planning, design, right-of-way acquisition, relocation assistance services, construction, preservation, maintenance, and operation. The commission or any local transportation authority may charge the district a reasonable fee, not exceeding the actual cost of providing the service. The commission is authorized to adopt reasonable administrative rules relating to regional transportation development districts pursuant to chapter 536, RSMo. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

238.544. The state of Missouri, upon approval by an appropriate act of the general assembly, the commission, or a local transportation authority holding title to real estate, may give, grant, and convey to or for the use of a district such right-of-way or other easement in such real estate as may be necessary for the development of a project.

238.546. 1. For the purpose of law enforcement, all district projects to be transferred to the commission shall be

treated as commission highways under chapter 43, RSMo, and all projects to be transferred to a local transportation authority shall be treated as streets or roads of that entity.

2. All laws of this state relating to maintaining, signing, damaging, and obstructing roads shall apply to district projects. The duties and powers imposed by such laws on certain officials shall devolve upon the district's engineer or other employee designated by the board. Nothing in this subsection shall be deemed to interfere with, restrict, or limit the authority of the commission to govern and control highway marking, signalization, and signing to the extent the commission is authorized by law.

3. For outdoor advertising and junkyard control purposes, a district project may be designated by the commission as a part of the state primary highway system and by a local transportation authority as a part of its street or road system.

238.548. Unless otherwise approved by contract of the district, project improvements shall not be under the control and jurisdiction of a local transportation authority while the district retains control and jurisdiction over the project. The provisions of chapter 228, RSMo, are inapplicable to transportation development districts.

238.550. The state auditor shall audit each district not less than once every three years, and may audit more frequently if the state auditor deems appropriate. The state auditor shall also audit each district before it is abolished. The costs of these audits shall be paid by the district.

238.552. 1. At such time as a district has completed its projects and has transferred ownership of the projects to the commission or other local transportation authority for maintenance, or at such time as the board determines that it is unable to complete its projects due to lack of funding or for any other reason, the board shall submit for a vote in an election held throughout the district the question of whether the district should be abolished. The question shall be submitted in substantially the following form:

Shall the Regional Transportation Development District be abolished?

2. The district board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against the district, while the district liabilities exceed its assets, or while the district is insolvent, in receivership or under the jurisdiction of the bankruptcy court. Before submitting the question to abolish the district to a vote, the state auditor shall audit the district to determine the financial status of the district, and whether the district may be abolished pursuant to law.

3. While the district still exists, it shall continue to accrue all revenues to which it is entitled at law.

4. Upon receipt of certification by the appropriate election authorities that the majority of those voting within the district have voted to abolish the district, and if the state auditor has determined that the district's financial condition is such that it may be abolished pursuant to law, then the board shall:

(1) Sell any remaining district real or personal property, and then transfer the proceeds and any other real or personal property owned by the district, including revenues due and owing the district, to the commission or any appropriate local transportation authority assuming maintenance and control of the project, for its further use and disposition;

(2) Terminate the employment of any remaining district employees, and otherwise conclude its affairs;

(3) "Hearing or grievance committee", the committee as established by the written guidelines of the department's policy and procedures manual, which may include already established personnel boards;

(4) "Law enforcement officer" or "officer", any person who is regularly employed by an employing law enforcement agency and certified pursuant to this chapter, who possesses the duty and power of arrest for violation of the criminal laws of this state or for violation of orders or ordinances of this state or any political subdivision of this state. Such a hearing shall take place before any individual or board to be defined by the published and distributed ordinance, administrative rule or regulation or written and distributed employing law enforcement agency policies and procedures. 590.508. 1. When any law enforcement officer is under investigation and subjected to interrogation by such officer's commanding officer, or any other member of the employing law enforcement agency, which could lead to punitive action, such interrogation shall be conducted under the following conditions:

If such interrogation does occur during off-duty time of the law enforcement officer being interrogated at any place other than such officer's residence, such law enforcement officer shall be compensated for such off-duty time in accordance with regular department procedure. If the interrogation of the law enforcement officer occurs during such officer's regular duty hours, such officer shall not be released from employment for any work missed during the interrogation;

(2) Any law enforcement officer under investigation shall be informed of the nature of the investigation prior to any interrogation. 2. Nothing in this section shall prohibit the immediate temporary suspension, pending an investigation, from duty of any law enforcement officer who reports for duty under the influence of alcohol or controlled substances, or under the influence of an apparent mental or emotional disorder.

3. The provisions of this section shall not be applicable in the event any criminal charges have been filed against any law enforcement officer.

590.511. 1. If the investigation or interrogation of a law enforcement officer results in the recommendation of some punitive action, before taking such action the law enforcement agency shall give notice to the law enforcement officer that the officer is entitled to a hearing on the issues by a hearing or grievance committee.

2. Upon receipt of a written statement and citation from the employing law enforcement agency policy and procedure explaining the reason for the punitive action, the law enforcement officer may within five working days request a hearing before the established hearing or grievance committee and shall be granted a hearing within ten days. Both the law enforcement officer and the law enforcement agency shall be given ample opportunity to present evidence and argument with respect to the issues involved.

3. With respect to the subject of any investigation or hearing conducted pursuant to this section, the hearing or grievance committee may subpoena witnesses and administer oaths or affirmations and examine any individual under oath, and may require and compel the production of records, books, papers, contracts, and other documents.

4. Any decision, order or action taken as a result of the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each element in the case. A copy of the decision or order and accompanying findings and conclusions, along with written recommendations for action, shall be delivered or mailed by certified mail promptly to the law enforcement officer. The hearing or grievance committee may either agree with or disagree with the recommendation of the law enforcement agency, but shall in no case increase the punitive action recommended.

The meeting shall be held before any individual or board as designated by the governing body. At any such meeting, the employing law enforcement agency shall at a minimum provide a brief statement, which may be oral, of the reason of the discharge, disciplinary demotion or suspension, and permit the law enforcement officer the opportunity to respond. The results from such meeting shall be reduced to writing. Any law enforcement agency that has substantially similar or greater procedures shall be deemed to be in compliance with this section. SENATE AMENDMENT NO. 6

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 1962, Page 12, Section 143.782, Line 25, by inserting immediately after said line the following:

"287.210. 1. After an employee has received an injury he shall from time to time thereafter during disability submit to reasonable medical examination at the request of the employer, his insurer, the commission, the division or an

administrative law judge, the time and place of which shall be fixed with due regard to the convenience of the employee and his physical condition and ability to attend. The employee may have his own physician present, and if the employee refuses to submit to the examination, or in any way obstructs it, his right to compensation shall be forfeited during such period unless in the opinion of the commission the circumstances justify the refusal or obstruction.

2. The commission, the division or administrative law judge shall, when deemed necessary, appoint a duly qualified impartial physician to examine the injured employee, and any physician so chosen, if he accepts the appointment, shall promptly make the examination requested and make a complete medical report to the commission or the division in such duplication as to provide all parties with copies thereof. **In the case of a claim against the second injury fund, the administrative law judge may appoint an impartial physician to examine at the request of the state upon a finding that there is no other adequate medical evidence available and necessary to the state upon the issues presented by the second injury claim.** The physician's fee shall be fair and reasonable, as provided in subsection 3 of section 287.140, and the fee and other reasonable costs of the impartial examination may be [paid as other costs under this chapter] **assessed by the administrative law judge against any party and become immediately payable.** If all the parties shall have had reasonable access thereto, the report of the physician shall be admissible in evidence.

3. The testimony of any physician who treated or examined the injured employee shall be admissible in evidence in any proceedings for compensation [under] **pursuant to** this chapter, but only if the medical report of the physician has been made available to all parties as in this section provided. Immediately upon receipt of notice from the division or the commission setting a date for hearing of a case in which the nature and extent of an employee's disability is to be determined, the parties or their attorneys shall arrange, without charge or costs, each to the other, for an exchange of all medical reports, including those made both by treating and examining physician or physicians, to the end that the parties may be commonly informed of all medical findings and opinions. The exchange of medical reports shall be made at least seven days before the date set for the hearing and failure of any party to comply may be grounds for asking for and receiving a continuance, upon proper showing by the party to whom the medical reports were not furnished. If any party fails or refuses to furnish the opposing party with the medical report of the treating or examining physician at least seven days before such physician's deposition or personal testimony at the hearing, as in this section provided, upon the objection of the party who was not provided with the medical report, the physician shall not be permitted to testify at that hearing or by medical deposition.

4. Upon request, an administrative law judge, the division, or the commission shall be provided with a copy of any medical report.

5. As used in this chapter the terms "physician's report" and "medical report" mean the report of any physician made on any printed form authorized by the division or the commission or any complete medical report. As used in this chapter the term "complete medical report" means the report of a physician giving the physician's qualifications and the patient's history, complaints, details of the findings of any and all laboratory, X-ray and all other technical examinations, diagnosis, prognosis, nature of disability, if any, and an estimate of the percentage of permanent partial disability, if any. An element or elements of a complete medical report may be met by the physician's records.

6. Upon the request of a party, the physician or physicians who treated or are treating the injured employee shall be required to furnish to the parties a rating and complete medical report on the injured employee, at the expense of the party selecting the physician, along with a complete copy of the physician's clinical record including copies of any records and reports received from other health care providers.

7. The testimony of a treating or examining physician may be submitted in evidence on the issues in controversy by a complete medical report and shall be admissible without other foundational evidence subject to compliance with the following procedures. The party intending to submit a complete medical report in evidence shall give notice at least sixty days prior to the hearing to all parties and shall provide reasonable opportunity to all parties to obtain cross-examination testimony of the physician by deposition. The notice shall include a copy of the report and all the clinical and treatment records of the physician including copies of all records and reports received by the physician from other health care providers. The party offering the report must make the physician available for cross-examination testimony by deposition not later than seven days before the matter is set for hearing, and each cross-examiner shall compensate

the physician for the portion of testimony obtained in an amount not to exceed a rate of reasonable compensation taking into consideration the specialty practiced by the physician. Cross-examination testimony shall not bind the cross-examining party. Any testimony obtained by the offering party shall be at that party's expense on a proportional basis, including the deposition fee of the physician. Upon request of any party, the party offering a complete medical report in evidence must also make available copies of X rays or other diagnostic studies obtained by or relied upon by the physician. Within ten days after receipt of such notice a party shall dispute whether a report meets the requirements of a complete medical report by providing written objections to the offering party stating the grounds for the dispute, and at the request of any party, the administrative law judge shall rule upon such objections upon pretrial hearing whether the report meets the requirements of a complete medical report and upon the admissibility of the report or portions thereof. If no objections are filed the report is admissible, and any objections thereto are deemed waived. Nothing herein shall prevent the parties from agreeing to admit medical reports or records by consent. [The provisions of this subsection shall not apply to claims against the second injury fund.]

8. Certified copies of the proceedings before any coroner holding an inquest over the body of any employee receiving an injury in the course of his employment resulting in death shall be admissible in evidence in any proceedings for compensation [under] **pursuant to** this chapter, and it shall be the duty of the coroner to give notice of the inquest to the employer and the dependents of the deceased employee, who shall have the right to cross-examine the witness.

9. The division or the commission may in its discretion in extraordinary cases order a postmortem examination and for that purpose may also order a body exhumed."; and

Further amend the title and enacting clause accordingly.

The amount of transferred credit shall be accumulated with the amount of such creditable service or such service earned by the person in the retirement system or type of service to which the service is transferred for purposes of determining the benefits to which the person is entitled under the retirement system or type of service to which the service is transferred. "281.217. 1. There is hereby created in the state treasury the "Pesticide Project Fund". In addition to the annual registration fee imposed by section 281.260, an annual registration fee of fifty dollars shall be imposed for each product registered pursuant to section 281.260, and credited to the pesticide project fund. The moneys in the fund shall be used for the following purposes:

(1) Up to twenty percent for the administration of the pesticide project fund and the pesticide registration program;

(2) Up to eighty percent for distribution to projects that relate to: pesticide and agriculture education efforts; pesticide applicator training; pesticide and water quality monitoring activities; household and agricultural pesticide and pesticide container disposal initiatives; integrated pest management (IPM) practices; and applied research on IPM and water quality improvement programs at the University of Missouri agricultural research stations;

2. Notwithstanding the provisions of section 33.080, RSMo, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. To be eligible for moneys in the pesticide project fund, applicants shall submit a proposed project plan to the director by March thirty-first, prior to the fiscal year in which the moneys are to be allocated. Allocation of project moneys will be dependent upon an executed memorandum of understanding between the entity receiving the moneys and the director.

4. Within thirty days of the end of the state fiscal year in which moneys are allocated, the recipients of the moneys shall submit to the director a report which shall contain an accounting of all moneys expended from the pesticide project fund during such fiscal year and a report of the project or projects for which the moneys were utilized.

5. Any unobligated or unexpended project moneys allocated to an entity shall revert to the pesticide project fund within sixty days of the close of the project.

6. If an entity fails to complete a project as outlined in the project plan and memorandum of the understanding, the entity shall submit partial or full repayment of the allocated moneys to the pesticide project fund as determined by the director.

7. No moneys, except moneys for pesticide project fund or pesticide registration program administration, shall be withdrawn from the fund prior to July 1, 2003.

8. If the balance of the pesticide project fund exceeds five million dollars in unobligated funds during any calendar year, fees required for registration of pesticides will be reduced to fifteen dollars the following registration period. When the fund attains a balance of three million dollars, the registration fee will be increased to one hundred twenty-five dollars the following registration period.

9. The pesticide project fund shall be administered by the plant industries division, or any successor division, within the department of agriculture.

10. The department shall provide a written report to the chairpersons of the house agriculture and senate agriculture, parks and tourism committees at the opening of every session of the Missouri general assembly providing a detailed account of the programs funded and grants made from the pesticide project fund as well as a description of the expected benefit to the agriculture community.

11. Any moneys remaining in the pesticide project fund on January 1, 2006, shall revert to the credit of the general revenue fund and the pesticide project fund shall be abolished.

12. The provisions of this section shall expire on January 1, 2006.

281.240. 1. No person shall distribute, sell, offer for sale, hold for sale, deliver for transportation, or transport in intrastate commerce or between points within this state through any point outside of this state any of the following:

(1) Any pesticide which has not been registered pursuant to the provisions of section 281.260, or any pesticide if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of a pesticide differs from its registration; provided that, in the discretion of the director, a minor change in the labeling or formula of a pesticide may be made within a registration period without requiring reregistration of the product. **Any change in company name, trade name, active ingredient, concentration of active ingredient, or environmental protection agency (EPA) registration number shall not be considered a minor change and shall require registration as a new product;**

(2) Any pesticide, unless it is in the registrant's or the manufacturer's unbroken immediate container or a bulk container sealed by the registrant, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one, through which the required information on the immediate container cannot be clearly read, a label bearing:

(a) The name and address of the manufacturer, registrant, or person for whom manufactured;

(b) The name, brand, or trademark under which said article is sold; and

(c) The net weight or measure of the contents, subject, however, to such reasonable variations as the director may permit;

(3) Any pesticide which contains any substance or substances in quantities highly toxic to man unless the label shall bear, in addition to any other matter required by sections 281.210 to 281.310:

(a) The skull and crossbones;

(b) The word "poison" prominently, in red, on a background of distinctly contrasting color; and

(c) A statement of an antidote for the pesticide;

(4) Any pesticide which is adulterated or misbranded, or any device which is misbranded.

2. It shall be unlawful:

(1) For any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in sections 281.210 to 281.310, or rules promulgated thereunder, or to add any substance to or take any substance from a pesticide in a manner that may defeat the purpose of sections 281.210 to 281.310;

(2) For any person to use for his own advantage or to reveal, other than to the director or proper officials or employees of this state, the courts of this state in response to a subpoena, physicians, or, in emergencies, pharmacists and other qualified persons for use in the preparation of antidotes, any information relative to formulas of products acquired by authority of section 281.260.

281.260. 1. Every pesticide which is distributed, sold, offered for sale or held for sale within this state, or which is delivered for transportation or transported in intrastate commerce or between points within this state through any point outside of this state, shall be registered in the office of the director, and the registration shall be renewed annually.

2. The registrant shall file with the director a statement including:

(1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;

(2) The name of the pesticide;

(3) Classification of the pesticide; and

(4) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use.

3. The registrant shall pay an annual fee of fifteen dollars for each product registered in any calendar year or part thereof. The fee shall be deposited in the state treasury to the credit of the general revenue fund. All such registrations shall expire on December thirty-first of any one year, unless sooner canceled. A registration for a special local need pursuant to subsection 6 of this section, which is disapproved by the federal government, shall expire on the effective date of the disapproval.

4. Any registration approved by the director and in effect on the thirty-first day of December for which a renewal application has been made and the proper fee paid shall continue in full force and effect until such time as the director notifies the applicant that the registration has been renewed, or otherwise denied, in accord with the provisions of subsection 8 of this section. Forms for reregistration shall be mailed to registrants at least ninety days prior to the expiration date.

5. If the renewal of a pesticide registration is not filed prior to January first of any one year, an additional fee of [five] **fifty** dollars shall be assessed and added to the original fee and shall be paid by the applicant before the registration renewal for that pesticide shall be issued; provided, that, such additional fee shall not apply if the applicant furnishes an affidavit certifying that he **or she** did not distribute such unregistered pesticide during the period of nonregistration. The payment of such additional fee is not a bar to any prosecution for doing business without proper registry.

6. Provided the state complies with requirements of the federal government to register pesticides to meet special local needs, the director shall require that registrants comply with sections 281.210 to 281.310 and pertinent federal laws and regulations. Where two or more pesticides meet the requirements of this subsection, one shall not be registered in preference to the other.

7. The director may require the submission of the complete formula of any pesticide to approve or deny product

registration. If it appears to the director that the composition and efficacy of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of sections 281.210 to 281.310, [he] **the director** shall register the pesticide.

8. The director, after opportunity for hearing, may deny, cancel, suspend, or revoke a pesticide registration if, after consideration to pertinent research findings and recommendations of other agencies of this state, the federal government or other reliable sources, the pesticide may cause damage or injury, or is considered dangerous or harmful to persons or the environment.

9. Provided the state is authorized to issue experimental use permits, the director may:

- (1) Issue an experimental use permit to any person applying for an experimental use permit if [he] **the director** determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide [under] **pursuant to** sections [263.269 to 263.380] **281.210 to 281.310**. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed;
- (2) Prescribe terms, conditions, and period of time for the experimental permit which shall be under the supervision of the director;
- (3) Revoke any experimental permit, at any time, if [he] **the director** finds that its terms or conditions are being violated, or that its terms [and] **or** conditions are inadequate to avoid unreasonable adverse effects on the environment.

[9.] **10.** If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of sections 281.210 to 281.310 or with federal laws, [he] **the director** shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with sections 281.210 to 281.310 or with federal laws so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the pesticide be registered or, in the case of a pesticide that is already registered, that it not be canceled, the director, within ninety days, shall hold a public hearing to determine if the pesticide in question should be registered or canceled. If, after such hearing, it is determined that the pesticide should not be registered or that its registration should be canceled, the director may refuse registration or cancel an existing registration until the required label changes are accomplished. If the pesticide is shown to be in compliance with sections 281.210 to 281.310 and federal laws, the pesticide will be registered. Any appeals resulting from administrative decisions by the director will be taken in accordance with sections 536.100 to 536.140, RSMo.

[10.] **11.** Notwithstanding any other provision of sections 281.210 to 281.310, registration is not required in the case of a pesticide shipped from one plant or warehouse within this state to another plant or warehouse within this state when such plants are operated by the same persons.

[11.] **12.** The director shall not make any lack of essentiality a criterion for denying registration of a pesticide except where none of the labeled uses are present in the state. Where two or more pesticides meet the requirements of sections 281.210 to 281.310, one shall not be registered in preference to the other."; and

Senator Cauthorn offered **SA 1**:

SENATE AMENDMENT NO. 1

Amend Senate Substitute for House Bill No. 1748, Page 1, Section A, Line 6, of said page, by inserting immediately after said line the following:

"247.030. 1. Territory that may be included in a district sought to be incorporated or enlarged may be wholly within one or in more than one county, may take in school districts or parts thereof, and cities that do not have a waterworks system or cities whose governing body has by a majority vote requested that the city or part thereof be included within the boundaries of a public water supply district. For the purpose of this section, "city" means any city, town or village. The territory, however, shall be contiguous, and proceedings to incorporate shall be in the circuit court of the county in which the largest acreage is located. No two districts shall overlap.

2. Any two or more contiguous districts or any city and a contiguous district may, if there are no outstanding general obligation bonds relating to drinking water supply projects in either entity, by a majority vote of the governing body of each entity, provide for territory located in one entity to be annexed and served by the entity contiguous to the annexed territory. Notice of the proposed annexation shall be filed with the circuit court that originally issued the decree of incorporation for a district which is detaching territory through the proposed annexation or with the circuit court that originally issued the decree of incorporation for a district which is including a city or part thereof through the proposed annexation. The court shall set a date for a hearing on the proposed annexation and shall cause notice to be published in the same manner as for the filing of the original petition for incorporation; except that publication of notice shall not be required if a majority of the landowners in the territory proposed to be annexed consent in writing, and if notice of the hearing is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing. If publication of the notice is not required pursuant to this section, the court shall only approve the proposed annexation if there is sworn testimony by at least five landowners in the area of the proposed annexation, or a majority of the landowners, if there are fewer than ten landowners in the area. If the court, after the hearing, finds that the proposed annexation would not be in the public interest, it shall order that the annexation not be allowed. If the court finds the proposed annexation to be in the public interest, it shall approve the annexation and the territory shall be detached from the one entity and annexed to the other. After the annexation is approved, the circuit court in which each district involved in the proceedings was incorporated shall amend the decree of incorporation for each district to reflect the change in the boundaries as a result of the annexation and to redivide each district into five subdistricts, fixing their boundary lines so that each of the five subdistricts have approximately the same area. A certified copy of the amended decree showing the boundary change and the new subdistricts shall be filed in the office of the recorder of deeds and in the office of the county clerk in each county having territory in the district and in the office of the secretary of state of the state of Missouri.

3. The boundaries of any district may be extended or enlarged from time to time upon the filing, with the clerk of the circuit court having jurisdiction, of a petition by either:

(1) The board of directors of the district and five or more voters **or landowners** within the territory proposed to be annexed by the district; or

(2) **The board of directors of the district and** a majority of the landowners within the territory proposed to be annexed to the district.

If the petition is filed by the board of directors of the district and five or more voters or landowners within the territory proposed to be annexed by the district, the same proceedings shall be followed as are provided in section 247.040 for the filing of a petition for the organization of the district, except that no election shall be held. Upon entry of a final order declaring the court's decree of annexation to be final and conclusive, the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. If the petition is filed by **the board of directors of the district and** a majority of the landowners within the territory proposed to be annexed, the publication of notice shall not be required, provided notice is posted in three public places within the

territory proposed to be annexed at least seven days before the date of the hearing and provided that there is sworn testimony by at least five landowners in the territory proposed to be annexed, or a majority of the landowners if the total landowners in the area are fewer than ten. **If the court finds that the annexation of such territory would be in the public interest, the court shall enter its order granting such annexation.** Upon the entry of [a final] **such** order [declaring the court's decree of annexation to be final and conclusive], the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. The costs incurred in the enlargement or extension of the district shall be taxed to the district, if the district be enlarged or extended, otherwise against the petitioners; provided, however, that no costs shall be taxed to the directors of the district.

4. Should any [voter] **landowner** who owns real estate that abuts upon a district once formed desire to have such real estate incorporated in the district, the [voter] **landowner** shall first petition the board of directors thereof for its approval. If such approval be granted, the clerk of the board shall endorse a certificate of the fact of approval by the board upon the petition. The petition so endorsed shall be filed with the clerk of the circuit court in which the district is incorporated. It shall then be the duty of the court to amend the boundaries of such district by a decree incorporating the real estate in the same. A certified copy of this decree including the real estate in the district shall then be filed in the office of the recorder and in the office of the county clerk of the county in which the real estate is located, and in the office of the secretary of state. The costs of this proceeding shall be borne by the petitioning property owner.

247.031. 1. Territory included in a district that is not being served by such district may be detached from such district provided that there are no outstanding general obligation or special obligation bonds and no contractual obligations of greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations for the purchase of water. If any such bonds or debt is outstanding, and the written consent of the holders of such bonds or the creditors to such debt is obtained, then such territory may be detached in spite of the existence of such bonds or debt, except such consent shall not be required for special obligation bonds if the district has no water lines or other facilities located within any of the territory detached. Detachment may be made by the filing of a petition with the circuit court in which the district was incorporated. The petition shall contain a description of the tract to be detached and a statement that the detachment is in the best interest of the district or the inhabitants and property owners of the territory to be detached, together with the facts supporting such allegation. The petition may be submitted by the district acting through its board of directors, in which case the petition shall be signed by a majority of the board of directors of the district. The petition may also be submitted by voters residing in **or by landowners owning land in** the territory sought to be detached. If there are more than ten voters **and landowners** in such territory, the petition shall be signed by five or more voters [residing in] **or landowners within** the territory; if there are less than ten voters [residing in] **and landowners within** such territory, the petition shall be signed by fifty percent or more of the voters [residing in] **and landowners within** the territory. In the event there are no voters living within such territory proposed to be detached, then the petition may be submitted by owners of more than fifty percent of the land in the territory proposed to be detached, in which case said petition shall be signed by the owners so submitting the petition.

2. "247.040. 1. Proceedings for the formation of a public water supply district shall be substantially as follows: a petition in duplicate describing the proposed boundaries of the district sought to be formed, accompanied by a plat of the proposed district, shall be filed with the clerk of the circuit court of the county wherein the proposed district is situate, or with the clerk of the circuit court of the county having the largest acreage proposed to be included in the proposed district, in the event that the proposed district embraces lands in more than one county. Such petition, in addition to such boundary description, shall set forth an estimate of the number of customers of the proposed district, the necessity for the formation of the district, the probable cost of the improvement, an approximation of the assessed valuation of taxable property within the district and such other information as may be useful to the court in determining whether or not the petition should be granted and a decree of incorporation entered. Such petition shall be accompanied by a cash

deposit of fifty dollars as an advancement of the costs of the proceeding, and the petition shall be signed by not less than fifty voters **or owners of real property** within the proposed district and shall pray for the incorporation of the territory therein described into a public water supply district. The petition shall be verified by at least one of the signers thereof.

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as herein provided for. Thereupon the clerk of the court shall give notice of the filing of the petition in some newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the proposed boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than [fifteen] **seven** nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in [twenty successive issues of] a daily newspaper **once a week for three consecutive weeks**.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the formation of a district, or to the boundaries outlined in the petition for the incorporation thereof, may be made by any voter **or owner of real property** in the proposed district; provided, such exceptions are filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are being made.

If any such exceptions be filed, the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Should the court find that the petition should be granted but that changes should be made in the boundary lines, it shall make such changes in the boundary lines as set forth in the petition as to the court may seem meet and proper, and thereupon enter its decree of incorporation, with such boundaries as changed.

5. Should the court find that it would not be to the public interest to form such a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the formation of such district, the court shall enter its decree of incorporation, setting forth the boundaries of the proposed district as determined by the court pursuant to the aforesaid hearing. The decree of incorporation shall also divide the district into five subdistricts and shall fix their boundary lines, all of which subdistricts shall have approximately the same area and shall be numbered. The decree shall further contain an appointment of one voter from each of such subdistricts, to constitute the first board of directors of the district. No two members of such board so appointed or hereafter elected or appointed shall reside in the same subdistrict, except as provided in section 247.060. If no qualified person who lives in the subdistrict is willing to serve on the board, the court may appoint, or the voters may elect, an otherwise qualified person who lives in the district but not in the subdistrict. The court shall designate two of such directors so appointed to serve for a term of two years and one to serve for a term of one year. And the directors thus appointed by the court shall serve for the terms thus designated and until their successors shall have been appointed or elected as herein provided. The decree shall further designate the name and number of the district by which it shall hereafter be officially known.

6. The decree of incorporation shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of the voters as provided in subsection 9 of this section or by two-thirds of the voters of the district voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the judges and clerks of election to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of two-thirds of the voters of the district voting on such proposition, then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of incorporation to be final and

conclusive. In the event, however, that the court should find that the question had not been assented to by the majority above required, the court shall enter a further order declaring such decree of incorporation to be void and of no effect. No appeal shall lie from any such decree of incorporation nor from any of the aforesaid orders. In the event that the court declares the decree of incorporation to be final, as herein provided for, the clerk of the circuit court shall file certified copies of such decree of incorporation and of such final order with the secretary of state of the state of Missouri, and with the recorder of deeds of the county or counties in which the district is situate and with the clerk of the county commission of the county or counties in which the district is situate.

8. The costs incurred in the formation of the district shall be taxed to the district, if the district be incorporated otherwise against the petitioners.

9. If petitioners seeking formation of a public water supply district specify in their petition that the district to be organized shall be organized without authority to issue general obligation bonds, then the decrees relating to the formation of the district shall recite that the district shall not have authority to issue general obligation bonds and the vote required for such a decree of incorporation to become final and conclusive shall be a simple majority of the voters of the district voting on such proposition."; and

Further amend said bill, Page 6, Section 247.040, Line 12 of said page, by inserting after all of said line the following:

"247.217. 1. Any two or more contiguous public water supply districts organized under the provisions of sections 247.010 to 247.220 may be consolidated into a single district by a decree of the circuit court in which the district with the largest acreage was originally incorporated and organized.

12. On the effective date of the consolidation of the districts, the newly elected directors shall organize in the same manner as is provided in sections 247.010 to 247.220, and all of such provisions shall apply to consolidated public water supply districts in the same manner as to other public water supply districts.

13. At the time of the effective date of the consolidation, all the property of the original districts shall be combined and administered as one unit, which shall be subject to the liens, liabilities and obligations of the original districts, provided that if any district included in the consolidated district has issued general obligation bonds which are outstanding at the time of the consolidation, any taxes to be levied to pay the bonds and interest thereon shall be levied only upon the property within the original district issuing the bonds as it existed on the date of such issuance. All special obligation or revenue bonds issued by any district included in the consolidated district shall be paid in accordance with the terms thereof, without preference, from the revenue received by the consolidated district.

14. Such copies shall be filed by the clerk of the circuit court and the filing fees shall be taxed as costs.

247.220. 1. Proceedings for the dissolution of a public water supply district shall be substantially the same as proceedings for the formation of such a district, as follows: A petition describing the boundaries of the district sought to be dissolved shall be filed with the clerk of the circuit court of the county wherein the subject district is situate, or with the clerk of the circuit court of the county having the largest acreage within the boundaries of the subject district, in the event that the subject district embraces lands in more than one county. Such petition, in addition to such boundary description, shall allege that further operation of the subject district is inimicable to the best interests of the inhabitants of the district, that the district should, in the interest of the public welfare and safety, be dissolved, that an alternative water supplier is available and better able to supply water to the inhabitants of the district, and such other information as may be useful to the court in determining whether [or not] the petition should be granted and a decree of dissolution entered. Such petition shall **also include a detailed plan for payment of all debt and obligations of the district at the time of dissolution. Such petition shall** be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding and the petition shall be signed by not less than one-fifth of the registered voters from each subdistrict, or fifty registered voters from each subdistrict, whichever is less, within the subject district. The district shall be a party, and if the board of directors in its discretion determines that such dissolution is not in the public interest, the district shall oppose such petition and pay all cost and expense thereof.**

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as provided in this section. Thereupon, the clerk of the court shall give notice of the filing of the petition in some newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the subject boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than [fifteen] **seven** nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in twenty successive issues of a daily newspaper.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final

disposition thereof.

4. Exceptions to the dissolution of a district may be made by any voter **or landowner** of the [subject] district[;], **and by the district as herein** provided[,]; such exceptions [are] **shall be** filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are filed and the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. **Unless petitioners prove that all debts and financial obligations of the district can be paid in full upon dissolution, the petition shall be dismissed at the cost of the petitioners.**

5. Should the court find that it would not be to the public interest to dissolve a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the petitioners, the court shall enter its interlocutory decree of dissolution which decree shall provide for the submission of the question to the voters of the district in substantially the following form:

Shall Public Water Supply District be dissolved?

6. The decree of dissolution shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of [four-sevenths] **two-thirds** of the voters of the district voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the election authority to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of [four-sevenths] **two-thirds** of the voters of the district voting on such proposition then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of dissolution to be final and conclusive. In the event, however, that the court should find that the question had not been assented to by the majority required, the court shall enter a further order declaring such decree of dissolution to be void and of no effect. No appeal shall lie from any of the aforesaid orders. In the event that the court declares the decree of dissolution to be final, as provided in this section, the clerk of the circuit court shall file certified copies of such decree of dissolution and of such final order with the secretary of state of the state of Missouri, and with the recorder of deeds of the county or counties in which the district is situate and with the clerk of the county commission of the county or counties in which the district is situate.

This charge shall not apply to those customers classified as "industrial" by the public service commission. 3. A water corporation may file a petition for a change in its rate under this section no more often than one time every twelve months.

86.213. 1. The general administration and the responsibility for the proper operation of the retirement system and for making effective the provisions of sections 86.200 to 86.366 are hereby vested in a board of trustees of ten persons. The board shall be constituted as follows:

- (1) The president of the board of police commissioners of the city, ex officio. If the president is absent from any meeting of the board of trustees for any cause whatsoever, the president may be represented by any member of the board of police commissioners who in such case shall have full power to act as a member of the board of trustees;
- (2) The comptroller of the city, ex officio. If the comptroller is absent from any meeting of the board of trustees for any cause whatsoever, the comptroller may be represented by either the deputy comptroller or the first assistant

comptroller who in such case shall have full power to act as a member of the said board of trustees;

(3) Three members to be appointed by the mayor of the city to serve for a term of two years;

(4) Three members to be elected by the members of the retirement system of the city for a term of three years; provided, however, that the term of office of the first three members so elected shall begin immediately upon their election and one such member's term shall expire one year from the date the retirement system becomes operative, another such member's term shall expire two years from the date the retirement system becomes operative and the other such member's term shall expire three years from the date the retirement system becomes operative; provided, further, that such members shall be members of the system and hold office only while members of the system;

(5) Two members who shall be retired members of the retirement system to be elected by the retired members of the retirement system for a term of three years; except that, the term of office of the first two members so elected shall begin immediately upon their election and one such member's term shall expire two years from the date of election and the other such member's term shall expire three years from the date of election.

2. Any member elected chairman of the board of trustees may serve [a total of four years in that capacity which shall be limited to no more than two consecutive terms] **without term limitations**.

3. Each commissioned elected trustee shall be granted travel time by the St. Louis metropolitan police department to attend any and all functions that have been authorized by the board of trustees of the police retirement system of St. Louis. Travel time, **with compensation**, for a trustee shall not exceed thirty days in any board fiscal year.

86.251. 1. The board of trustees may develop and establish a deferred retirement option plan (DROP) in which members who are eligible for retirement but who have not terminated employment as police officers and who have not actually retired may participate. The DROP shall be designed to allow members with at least twenty years of creditable service or who have attained the age of fifty-five who have achieved eligibility for retirement and are entitled to a service retirement allowance and other benefits to postpone actual retirement, continue active employment and accumulate a deferred receipt of the service retirement allowance. No one shall participate in the DROP for a period exceeding five years.

2. Any member who has at least twenty years of creditable service or has attained the age of fifty-five may elect in writing before retirement to participate in the DROP. A member electing to participate in the DROP shall postpone actual retirement, shall continue in active employment and shall not receive any direct retirement allowance payments or benefits during the period of participation.

3. Upon the start of the participation in the DROP, the member shall cease to make any mandatory contributions to the system. No contribution shall be required by the city into the DROP account. During the period of participation in the DROP, the amount that the member would have received as a service retirement allowance if the member had actually retired instead of entering DROP shall be deposited monthly in the member's DROP account which shall be established in the member's name by the board of trustees. The member's service retirement allowance shall not be adjusted for any cost-of-living increases for any period prior to the member's termination of employment as a police officer and actual retirement. Cost-of-living increases, if any, for any period following the member's termination of employment as a police officer and actual retirement shall be applied only to monthly service retirement payments made following termination of employment as a police officer and actual retirement. Service earned during the period of participation in the DROP shall not be creditable service and shall not be counted in determination of any service retirement allowance or surviving spouse's or dependents' benefits. Compensation paid during the period of participation in the DROP shall not be earnable compensation and shall not be counted in the determination of any service retirement allowance or surviving spouse's or dependent's benefits. The member's service retirement allowance shall be frozen as of the date the member enters DROP. Except as specifically provided in sections 86.200 to 86.366, the member's frozen service retirement allowance shall not increase while the member is participating in DROP or after the member's participation in DROP ends, and the member shall not share in any benefit improvement that is enacted or that becomes effective while such member is participating in the DROP.

4. A member shall cease participation in the DROP upon the termination of the member's employment as a police

officer and actual retirement, or at the end of the five-year period commencing on the first day of the member's participation in the DROP, or as of the effective date, but in no event prior to October 1, 2001, of the member's election to return to active participation in the system, whichever occurs first. A member's election to return to active participation in the system before the end of the five-year period commencing on the first day of participation in the DROP shall be made and shall become effective in accordance with procedures established by the board of trustees, but in no event prior to October 1, 2001. Upon the member's termination of employment as a police officer and actual retirement, the member shall elect to receive the value of the member's DROP account, in one of the following forms of payment:

- (a) A lump sum payment; or
- (b) Equal monthly installments over a ten-year period.

Either form of payment should begin within thirty days after the member's notice to the board of trustees that the member has selected a particular option.

5. If a member who is participating in the DROP elects to return to active participation in the system or if a member who is participating in the DROP does not terminate employment as a police officer in the city for which the retirement system was established pursuant to sections 86.200 to 86.366 and actually retires at the end of the five-year period commencing on the first day of the member's participation in the DROP, the member shall return to active participation in the system and shall resume making mandatory contributions to the system effective as of the day after participation in the DROP ends or, if later, October 1, 2001. The board of trustees shall notify the police commissioners to begin deducting mandatory contributions from the member's salary and the member's employment period shall count as creditable service beginning as of the day the member returns to active participation.

6. In no event shall a member whose participation in DROP has ended for any reason be eligible to participate in DROP again.

7. Upon the member's termination of employment as a police officer and actual retirement, the member's mandatory contributions to the retirement system shall be paid to the member pursuant to subsection 4 of section 86.253.

8. If a member dies prior to termination of employment as a police officer and actual retirement while participating in the DROP or before the member has received full withdrawal of the amount in the member's DROP account under the installment optional payment form, the remaining balance of the member's DROP account shall be payable to the member's surviving spouse; or, if the member is then unmarried, to the member's dependent children in equal shares; or, if none, to the member's dependent mother or father; or, if none, to the member's designated beneficiary or, if no such beneficiary is then living, to the member's estate. Payment shall be made **in a lump sum** within sixty days after [the retirement system is notified of the member's death] **receipt by the board of trustees of evidence and proof of the death of a member**. In addition, the member's mandatory contributions, if any, that were not already paid to the member pursuant to subsection 4 of section 86.253 shall be paid to the member's surviving spouse pursuant to section 86.288.

9. If a member has elected to participate in the DROP and during such participation period applies for and receives benefits for an accidental disability retirement allowance pursuant to the provisions of section 86.263, the member shall forfeit all rights, claims or interest in the member's DROP account and the member's benefits shall be calculated as if the member has continued in employment and had not elected to participate in the DROP. Any portion of a DROP account that has been forfeited as provided in this subsection shall be a general asset of the system.

10. A member's DROP account shall earn interest equal to the rate of return earned by the system's investment portfolio on a market value basis, including realized and unrealized gains and losses, net of investment expense, as certified by the system's actuary. As of the [first] **last** day of each **plan** year[,], beginning [with the second fiscal year of] **after DROP participation begins**, the member's DROP account balance, determined as of the [first] **last** day of [such] **the prior plan** year, shall be credited with interest at the investment rate earned by the assets of the retirement system for [the] **such prior plan** year. If distribution of the member's DROP account balance is [completed during the year] **made in a lump sum under subsection 4 or 8 of this section**, interest **for the plan year of distribution** shall

be credited[, based] on the [beginning] **ending** balance for the **prior plan year at the investment rate earned on the assets of the retirement system for the prior plan year**, in proportion to the part of the **plan** year preceding the date of [final distribution. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed] **the member's termination of employment or death, whichever is earlier**. If the member's DROP account is paid in equal monthly installments pursuant to subsection [5] 4 of this section, [any] **interest during the installment period shall be credited as of the last day of each plan year ending after installment payment begins on the account balance as of the first or last day of the plan year, whichever is lower, at the investment rate earned by the assets of the system for the prior plan year. Interest for the year in which the final installment is paid shall be credited on the balance remaining after the final installment is paid, at the investment rate earned on the assets of the system for the prior plan year, in proportion to the part of the plan year preceding payment of the final installment. Any interest credited to the DROP account during the installment period shall be paid as soon as reasonably possible after the final monthly installment. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed.**

11. The board of trustees shall not incur any liability individually or on behalf of other individuals for any act or omission, made in good faith in relation to the DROP or assets credited to DROP accounts established by this section. The provisions of the Internal Revenue Code and regulations promulgated thereunder shall supersede any provision of this section if there is any inconsistency with the Internal Revenue Code or regulation.

12. Upon the receipt by the board of trustees of evidence and proof that the death of a member resulted from an event occurring while the member was in the actual performance of duty, and if the member is participating in the DROP, the member's surviving spouse or, if the member is then unmarried, the member's unmarried dependent children, may elect within thirty days after the member's death to have the amount in the member's DROP account paid in the form of a monthly survivor annuity. Payment of the survivor annuity shall begin within sixty days after the election is received. Payment to the member's surviving spouse shall continue until the surviving spouse's death; payment to the member's unmarried dependent children shall be made while any child qualifies as an unmarried dependent child pursuant to section 86.280. The survivor annuity shall be the actuarial equivalent of the member's DROP account as of the date [payment begins] **of the member's death**. In no event shall the total amount paid pursuant to this subsection be less than the member's DROP account balance as of the date [payment begins] **of the member's death**.

86.255. 1. Notwithstanding any other provision of the plan established in sections 86.200 to 86.366, if an eligible rollover distribution becomes payable to a distributee, the distributee may elect, at the time and in the manner prescribed by the board of trustees, to have any of the eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

However, such portion may be transferred only to an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including to separately account for the portion of such distribution which is includable in gross income and the portion that is not so includable.**

3. The board of trustees shall, at least thirty days, but not more than ninety days, before making an eligible rollover distribution, provide a written explanation to the distributee in accordance with the requirements of Section 402(f) of the Internal Revenue Code.

4. If the eligible rollover distribution is not subject to Sections 401(a) and 417 of the Internal Revenue Code, such eligible rollover distribution may be made less than thirty days after the distributee has received the notice described in subsection 3 of this section, provided that:

(1) The board of trustees clearly informs the distributee of the distributee's right to consider whether to elect a direct rollover, and if applicable, a particular distribution option, for at least thirty days after the distributee receives the notice; and

(2) The distributee, after receiving the notice, affirmatively elects a distribution.

86.256. 1. The plan will also accept a member's rollover contribution of the portion of a distribution from an individual retirement account or annuity described in Section 408(a) or (b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includable in gross income.

2. The amount of such rollover contribution or direct rollover of an eligible rollover distribution shall not exceed the amount required to repay the member's accumulated contributions plus the applicable members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service in accordance with section 86.210, to the extent that Section 415 of the Internal Revenue Code does not apply to such repayment by reason of subsection (k)(3) thereof, or to purchase permissive service credit, as defined in Section 415(n)(3)(A) of the Internal Revenue Code, for the member under the plan in accordance with the provisions of section 105.691, RSMo.

2. A trustee-to-trustee transfer may be accepted by the plan only if the transfer is used to repay the member's accumulated contributions plus the applicable members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service in accordance with section 86.210, to the extent that Section 415 of the Internal Revenue Code does not apply to such repayment by reason of subsection (k)(3) thereof, or to purchase permissive service credit, as defined in Section 415(n)(3)(A) of the Internal Revenue Code, for the member under the plan in accordance with the provisions of section 105.691, RSMo.

Mr. President, the Senate and the House passed the same version of section 313.230. The Conference Committee Substitute in subdivision (8) of subsection 313.230 removed language that was found in both **SB 1220** as passed by the Senate and the **HS** for **SB 1220** as passed by the House. Those removed words are: "seeking a license or renewal of a license as a lottery retailer," and later in subdivision (8) the words "and closed". A new subdivision (9) was added to section 313.230 in the Conference Committee Substitute, which was not present in either **SB 1220** as passed by the Senate or **HS** for **SB 1220** as passed by the House.

Mr. President, these changes to the Conference Committee Substitute are substantive in nature.

First, as passed by the Senate and House, open and closed criminal history information of applicants for employment with the State Lottery Commission, lottery retailers and those seeking to contract with the commission, shall be available to the commission. The Conference Committee Substitute now only allows open criminal history information of such lottery commission applicants, retailers and contractors to be available to the commission.

Second, as also passed by the Senate and the House, the commission is required to submit fingerprints for criminal history checks of such lottery commission applicants, retailers and contractors. the CCS, by deleting language in subdivision (8) and by adding the new subdivision (9), reverses this requirement for lottery retailers so that the commission is prohibited from conducting fingerprint checks of lottery retailers, unless the commission has a reasonable basis for conducting such fingerprint checks.

Mr. President, these changes to the Conference Committee Substitute that exceed the differences are reflected in a cover memo to the sponsor entitled "RE: CCS to HS/SB 1220-Gaming" dated May 8, 2002 and obtained from the sponsor's office. The memo states that the "**substitute incorporates the contents of the perfected version of SB 1220**

regarding background checks for certain persons associated with gaming (including the changes you requested on fingerprint checks)..." (bold print in the original).

Mr. President, the sponsor of SB 1220 never asked leave of the Senate to allow the Senate conferees to exceed the differences between the Senate and the House, thus my point of order should be well taken.

President Pro Tem Kinder ruled the point of order not well taken.

Senator Gibbons assumed the Chair.

Senator Sims moved that the Conference Committee Report for **HS** for **SB 1220**, as amended, be adopted.

Senator Cauthorn assumed the Chair.

HOUSE AMENDMENT NO. 3

Amend House Substitute for House Committee Substitute for Senate Bill No. 856, by inserting in the appropriate location the following:

"99.805. As used in sections 99.800 to [99.865] **99.873**, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities;

inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

(a) Discourage commerce, industry or manufacturing from moving their operations to another state; or

(b) Result in increased employment in the municipality; or

(c) Result in preservation or enhancement of the tax base of the municipality;

(6) "Gambling establishment", an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(7) "High unemployment", unemployment in the census block group or contiguous group of block groups in which the redevelopment project is located of at least one and one-half times that of the metropolitan statistical area in which the area is located or, one and one-half times the unemployment rate of nonmetropolitan counties if the area is not located in a metropolitan statistical area;

(8) "Low fiscal capacity", per capita assessed valuation of property in the municipality of less than sixty percent of the entire county in which it is located, or, in unincorporated areas, when the per capita assessed valuation of property in the school district is less than sixty percent of the entire county in which it is located;

(9) "Moderate income", either a Missouri municipality within a metropolitan statistical area which has a population of at least one thousand five hundred and median household income of under ninety percent of the median household income for the metropolitan statistical area, according to the last decennial census, or a United States census block group or contiguous group of block groups within a metropolitan statistical area which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the metropolitan area in Missouri, according to the last decennial census. In addition, the definition shall include municipalities not within a metropolitan statistical area, with a median household income of under ninety percent of the median household income for the nonmetropolitan areas in Missouri according to the last decennial census or a census block group or contiguous group of block groups which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the

nonmetropolitan areas of Missouri, according to the last decennial census;

[(7)] **(10)** "Municipality", a city, village, or incorporated town or any county of this state. [(10)] **(13)** "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(11)] **(14)** "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(12)] **(15)** "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(13)] **(16)** "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

[(15)] **(20)** "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(16)] **(21)** "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(17)] **(22)** "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; [and]

[(18)] **(23)** "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision [and], an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of

obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo,

until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any

state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development.

99.866. 1. Except as provided in subsection 2 of this section, sections 99.866 to 99.872 shall apply to any city not within a county, any county with a charter form of government and with more than one million inhabitants, any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants, any county of the third classification without a township form of government and with more than twenty-four thousand five hundred but less than twenty-four thousand six hundred inhabitants, any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants, any county of the first classification without a charter form of government and with more than ninety-three thousand eight hundred but less than ninety-three thousand nine hundred inhabitants, any county of the third classification without a township form of government and with more than thirty-eight thousand nine hundred but less than thirty-nine thousand inhabitants, any county of the fourth classification with more than fifty-five thousand six hundred but less than fifty-five thousand seven hundred inhabitants, and any county of the third classification without a township form of government and with more than seventeen thousand eight hundred but less than seventeen thousand nine hundred inhabitants.

Any redevelopment project consisting solely of public infrastructure improvements on public land requiring two million dollars or less in tax increment financing, wherein the bonds for such project will be paid off in seven years or less, shall be exempt from the provisions of sections 99.866 to 99.872. However, no "stringing" of projects shall be allowed. No exempt project pursuant to this section shall be combined with another exempt project pursuant to this section for a period of five years.

3. Any redevelopment project for which eligible project redevelopment costs are to be paid from that portion of the total economic activity taxes and payments in lieu of taxes imposed by the municipality only, and real or potential revenues from no other taxing jurisdictions are involved, are exempt from the provisions of sections 99.866 to 99.872.

3. If the majority of the proposed redevelopment project is located in an area meeting the requirements of low fiscal capacity, high unemployment, and moderate income set forth in this section, and if such conditions are documented in an area which is contiguous to but outside of the qualifying area, and is smaller than a census block group, the contiguous area shall be added to the qualifying area.

99.870. Commencing with the first fiscal year in which any municipality receives any payments in lieu of taxes from a redevelopment project and continuing through the last fiscal year in which the municipality receives such payments, the municipality shall pay to any other taxing entities entitled to receive revenue from levies on real property in such municipality, an amount equal to twenty-five percent of the payments in lieu of taxes received by the municipality. This amount shall be divided among the other affected taxing entities on a basis that is proportional to the collections of revenue from real property in the development area to which each such taxing district is entitled during that tax year.

99.871. In addition to the requirements which may apply pursuant to section 99.810, no redevelopment plan shall be adopted by a municipality without findings that:

Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision, an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met, and a study stating that records were reviewed, inspections were made, comparisons were made, or tasks undertaken demonstrating that the property has not been developed through private enterprise over a period of time. Such a study should be signed by a responsible party in the local jurisdiction who is designated as being responsible for the study's representations. The study shall be of sufficient specificity to allow representatives of the tax increment financing commission or the municipality, or both, to conduct investigations deemed necessary in order to confirm its findings;

(2) An economic feasibility analysis including a pro forma financial statement indicating a return on investment that may be expected without public assistance. The financial statement shall detail any assumptions made, a pro forma statement analysis demonstrating the amount of assistance required to bring the return into a range deemed attractive to private investors, which amount shall be equal to the estimated reimbursable project costs.

99.872. The municipality and the developer shall annually submit information to the department regarding an approved plan for as long as the plan is in effect. The department shall establish reporting requirements by rule promulgated pursuant to chapter 536, RSMo. The department shall submit a report to the governor and the general assembly by December thirty-first of each year. The report shall, at a minimum, identify the number and location of redevelopment areas, quantify public investment in each, and assess the public benefit derived from the redevelopment project.

3. No business of this committee shall be performed without a majority of the full body.

4. The members shall be appointed as soon as possible after September 28, 1979. One of the senate members, one of the house members and three of the members appointed by the governor shall serve until January 1, 1981, and the remaining members shall serve until January 1, 1982. All subsequent members shall be appointed in the manner provided in subsection 2 of this section and shall serve terms of two years.

5. The committee shall elect a chairman at its first meeting which shall be called by the governor. The committee shall meet upon the call of the chairman or the governor.

6. The committee shall review and approve or disapprove all applications for a certificate of need made under sections 197.300 to [197.366] **197.367**. It shall issue reasonable rules and regulations governing the submission, review and disposition of applications.

7. Members of the committee shall serve without compensation but shall be reimbursed for necessary expenses incurred in the performance of their duties.

8. No member of the Missouri health facilities review committee may accept a political donation from any applicant who applies for a certificate of need or review certification for a period of one year after the granting of the certificate of need or review certification or six months prior to requesting a certificate of need or review certification. If a member accepts a donation six months prior to the request for a certificate of need or review certification, it must be returned within ten business days of the filing request made by the applicant.

9. Notwithstanding the provisions of subsection 4 of section 610.025, RSMo, the proceedings and records of the facilities review committee shall be subject to the provisions of chapter 610, RSMo.

197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.
3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.
4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to [197.366] **197.367**, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.
5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to [197.366] **197.367**.
6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.
7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.
8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.
9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.
10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to **the department of health and senior services for expenditures related to the operation of the Missouri health facilities review committee**.
11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.
12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.
13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.
14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health **care** facility in its entirety.
15. A certificate of need may be granted to a **health care** facility for an expansion, an addition of services, a new institutional **health** service[, or for a new hospital facility] which provides for something less than that which was sought in the application.
16. The provisions of this section shall not apply to **health care** facilities operated by the state, and appropriation of

funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge.

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the mentally retarded.

[18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility.]

197.317. 1. After July 1, 1983, no certificate of need shall be issued for the following:

(1) Additional residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility beds above the number then licensed by this state;

(2) Beds in a licensed hospital to be reallocated on a temporary or permanent basis to nursing care or beds in a long-term care hospital meeting the requirements described in 42 CFR, Section 412.23(e), excepting those which are not subject to a certificate of need pursuant to paragraphs (e) [and], (g) **and (h)** of subdivision (10) of section 197.305; nor

(3) The reallocation of intermediate care facility or skilled nursing facility beds of existing licensed beds by transfer or sale of licensed beds between a hospital licensed pursuant to this chapter or a nursing care facility licensed pursuant to chapter 198, RSMo; except for beds in counties in which there is no existing nursing care facility. No certificate of need shall be issued for the reallocation of existing residential care facility I or II, or intermediate care facilities operated exclusively for the mentally retarded to intermediate care or skilled nursing facilities or beds. However, after January 1, 2003, nothing in this section shall prohibit the Missouri health facilities review committee from issuing a certificate of need for additional beds in existing health care facilities or for new beds in new health care facilities or for the reallocation of licensed beds, provided that no construction shall begin prior to January 1, 2004. The provisions of subsections 16 and 17 of section 197.315 shall apply to the provisions of this section.

2. The health facilities review committee shall utilize demographic data from the office of social and economic data analysis, or its successor organization, at the University of Missouri as their source of information in considering applications for new institutional long-term care facilities.

197.318. 1. The provisions of section 197.317 shall not apply to a residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility only where the department of social services has first determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility I, residential care facility II, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a certificate of need. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility I and II shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.

197.326. 1. Any [person] **individual** who is paid either as part of his normal employment or as a lobbyist to support or oppose any project before the health facilities review committee shall register as a lobbyist pursuant to chapter 105, RSMo, and shall also register with the staff of the health facilities review committee for every project in which such person has an interest and indicate whether such person supports or opposes the named project. The registration shall also include the names and addresses of any person, firm, corporation or association that the person registering represents in relation to the named project. Any person violating the provisions of this subsection shall be subject to the penalties specified in section 105.478, RSMo.

2. A member of the general assembly who also serves as a member of the health facilities review committee is

prohibited from soliciting or accepting campaign contributions from any applicant or person speaking for an applicant or any opponent to any application or persons speaking for any opponent while such application is pending before the health facilities review committee.

3. Any [person regulated by chapter 197 or 198, RSMo,] **individual who registers pursuant to subsection 1 of this section, any applicant,** and any officer, attorney, agent and employee [thereof] **of such individual or applicant,** shall not offer to any committee member or to any person employed as staff to the committee, any office, appointment or position, or any present, gift, entertainment or gratuity of any kind or any campaign contribution while such application is pending before the health facilities review committee. Any person guilty of knowingly violating the provisions of this section shall be punished as follows: For the first offense, such person is guilty of a class B misdemeanor; and for the second and subsequent offenses, such person is guilty of a class D felony.

197.381. 1. Any person who proposes to develop or offer a new institutional acute care service or a first-time service shall submit a letter of intent to the committee at least thirty days prior to the filing of the application unless:

(2) The first-time service for which the person would otherwise be required to submit a letter of intent is the acquisition, development, or construction of a piece of equipment that:

(a) Is a replacement piece of equipment or an additional piece of equipment substantially similar to a piece of equipment for which a certificate of need or a review certificate has already been issued and is currently owned or operated by such person; and

(b) Will be placed in the same licensed location or licensed facility as the previously certified piece of equipment.

2. An application fee shall accompany each application for a review certification. The time of filing commences with the receipt of the application and the fee. The fee shall be one thousand dollars or one-tenth of one percent

197.384. 1. For the purpose of submitting an application for review certification, any person who proposes to develop or offer a new institutional acute care service shall obtain a review certification from the committee prior to the time such services are offered unless the new institutional acute care service:

Any person who proposes to replace a facility described in subdivision (1), (2), or (3) of subsection 1 of this section shall, no later than sixty days immediately prior to the date of the initiation of the construction process to begin replacement, conduct a public hearing regarding the project. 13. If any person proposes to develop any new institutional health care service without a review certification as required by sections 197.375 to 197.397, the committee shall notify the attorney general and the attorney general shall seek an injunction or apply for other appropriate legal action in any court of this state against such person.

14. In no event shall a review certification be denied because the applicant refuses to provide abortion services or information.

15. A review certification shall not be required for the transfer of ownership of an existing and operational acute care facility in its entirety or for the conversion by a hospital of mobile first-time service to a first-time service in a permanent fixed location if the hospital previously received a certificate of need or review certificate for the mobile first-time service.

16. A review certification may be granted for something less than that which was sought in the original application.

17. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a review certification shall not be required for the purchase and operation of research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficiency and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a review certification must be obtained for continued use in such facility.

18. The provisions of section 197.326 shall apply to projects described in sections 197.375 to 197.397.

197.387. Within thirty days of the decision of the committee, the applicant may file an appeal pursuant to chapter 621, RSMo. Any subsequent appeal venue shall be the circuit court in the county within which such new institutional acute care service or first-time service is proposed to be developed, or the Cole County circuit court, at the applicant's discretion.

197.390. Review certification is not required for:

(1) Acute care facilities operated by the state. Appropriation of funds to such facilities by the general assembly shall be in compliance and such facilities shall be deemed to have received an appropriate review certification without any fee or charge;

(2) Notification projects pursuant to subdivision (16) of section 197.375 or nonsubstantive projects pursuant to subdivision (15) of section 197.375; except that, any person who wishes to pursue a notification project shall notify the committee in writing advising the committee of the nature of the project, the statutory authorization for classification as a notification project, and submit a verified statement of facts in support of such

classification.

197.393. For the purposes of reimbursement pursuant to section 208.152, RSMo, project costs for new institutional acute care services in excess of ten percent of the initial project estimate unless approval was obtained pursuant to subsection 8 of section 197.384 shall not be eligible for reimbursement for the first three years that a facility receives payment for services provided pursuant to section 208.152, RSMo. The initial estimate shall be that amount for which the original review certificate was obtained. Reimbursement for these excess costs after the first three years shall not be made until a review certification has been granted for the excess project costs. The provisions of this section shall apply only to facilities which file an application for a review certification or make application for cost-overrun review of their original application or waiver.

197.397. The committee shall have the power to promulgate reasonable rules, regulations, criteria, and standards in conformity with this section and chapter 536, RSMo, to meet the objectives of sections 197.300 to 197.397 including the power to establish criteria and standards to review new types of equipment or service. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 197.300 to 197.397 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. All rulemaking authority delegated prior to August 28, 2002, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 2002, if it fully complied with all applicable provisions of the law. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

[197.311. No member of the Missouri health facilities review committee may accept a political donation from any applicant for a license.]

[197.366. The provisions of subdivision (8) of section 197.305 to the contrary notwithstanding, after December 31, 2001, the term "health care facilities" in sections 197.300 to 197.366 shall mean:

Further amend title, enacting clause and intersectional references accordingly.

HOUSE AMENDMENT NO. 5

Amend House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 670 and 684, by inserting in the appropriate location the following:

"288.037. 1. The term "employer" shall include any Indian tribe for which service in employment as defined in section 288.034 is performed.

2. The term "employment" shall include service performed in the employ of an Indian tribe, as defined in Section 3306(u) of the Federal Unemployment Tax Act (FUTA), provided such service is excluded from "employment" as defined in FUTA solely by reason of Section 3306(c)(7), FUTA, and is not otherwise excluded from "employment" under this chapter. For purposes of this section, the exclusions from employment in subsection 9 of section 288.034 shall be applicable to services performed in the employ of an Indian tribe.

3. Benefits based on service in employment defined in this section shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter. The provisions of subsection 3 of section 288.040 pertaining to services performed at an educational institution while in the employ of an "educational service agency" shall apply to services performed in an educational institution or educational service agency wholly owned and operated by an Indian tribe or tribal unit.

4. (1) Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the state unemployment fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe. An Indian tribe and all tribal units of such Indian tribe shall be jointly and severally liable for any and all contributions, payments in lieu of contributions, interest, penalties, and surcharges owed by the Indian tribe and all tribal units of such Indian tribe.

(2) Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided in subsection 3 of section 288.090 pertaining to state and local governments and nonprofit organizations subject to this chapter. Indian tribes will determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units. Termination of an Indian tribe's coverage pursuant to subdivision (5) of this subsection shall terminate the election of such Indian tribe and any tribal units of such Indian tribe to make payments in lieu of contributions.

(3) Indian tribes or tribal units will be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.

(4) Any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, prior to the effective date of its election, to post with the division a surety bond issued by a corporate surety authorized to do business in Missouri in an amount equivalent to the contributions or payments in lieu of contributions for which the Indian tribe or tribal unit was liable in the last calendar year in which it accrued contributions or payments in lieu of contributions, or one hundred thousand dollars, whichever amount is the greater, to ensure prompt payment of contributions or payments in lieu of contributions, interest, penalties, and surcharges for which the Indian tribe or tribal unit may be, or becomes, jointly and severally liable pursuant to this chapter.

(5) Failure of the Indian tribe or tribal unit to maintain the required surety bond, including the posting of an additional surety bond or a replacement surety bond within ninety days of being directed by the division, will cause services performed for such Indian tribe to not be treated as "employment" for purposes of subsection 2 of this section.

(6) The director may determine that any Indian tribe that loses coverage under subdivision (5) of this subsection, may have services performed for such tribe again included as "employment" for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid. Upon reinstatement of coverage under this subdivision, an Indian tribe or any tribal unit may elect, in accordance with the provisions of this subsection, to make payments in lieu of contributions.

(7) If an Indian tribe fails to maintain the required surety bond by posting an additional surety bond or a

replacement surety bond within ninety days of being directed by the division, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

(8) Notices of surety bond deficiency to Indian tribes or their tribal units shall include information that failure to post an additional surety bond or a replacement surety bond within the prescribed time frame:

(a) Will cause the Indian tribe to be liable for taxes under FUTA;

(b) Will cause the Indian tribe to be excepted from the definition of "employer," as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from "employment".

5. (1) Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within ninety days of receipt of the bill will cause services performed for such Indian tribe to not be treated as "employment" for purposes of subsection 2 of this section.

(2) The director may determine that any Indian tribe that loses coverage under subdivision (1) of this subsection, may have services performed for such tribe again included as "employment" for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(3) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within ninety days of a final notice of delinquency, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

6. Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed time frame:

(1) Will cause the Indian tribe to be liable for taxes under FUTA;

(2) Will cause the Indian tribe to be excepted from the definition of "employer", as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from "employment".

7. Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe."; and

SENATE AMENDMENT NO. 5

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1489 and House Bill No. 1850, Pages 19-22, Section 650.350, by striking all of said section and inserting in lieu thereof the following:

- "650.350. 1. There is hereby created within the department of public safety the "Missouri Sheriff Methamphetamine Relief Taskforce" (MoSMART). MoSMART shall be composed of five sitting sheriffs. The Missouri sheriffs' association board of directors will submit twenty names of sitting sheriffs to the governor. The governor will then select five of these twenty names, no more than three from any one political party, to serve a term of two years. The members shall elect a chair from among their membership. Members shall receive no compensation for the performance of their duties pursuant to this section, but each member shall be reimbursed from the MoSMART fund for actual and necessary expenses incurred in carrying out duties pursuant to this section.**
- 2. MoSMART shall meet no less than twice each calendar year, with additional meetings called by the chair upon the request of at least two members. A majority of the appointed members shall constitute a quorum.**
- 3. A special fund is hereby created in the state treasury, to be know as the "MoSMART Fund". The state treasurer shall invest the moneys in such fund in the manner authorized by law. All moneys received for MoSMART from appropriations, interest, or federal moneys shall be deposited to the credit of the fund. The director of the department of public safety shall distribute at least fifty percent but not more than one hundred percent of the fund annually in the form of grants approved by MoSMART.**
- 4. All moneys appropriated to or received by MoSMART shall be deposited and credited to the MoSMART fund. The department of public safety shall only be reimbursed for actual and necessary expenses for the administration of MoSMART, which shall be no less than one percent and which shall not to exceed two percent of all moneys appropriated to the fund. The provisions of section 33.080, RSMo, to the contrary notwithstanding, moneys in the MoSMART fund shall not lapse to general revenue at the end of the biennium.**
- 5. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

6. Any county law enforcement entity or established task force with a memorandum of understanding and protocol may apply for grants from the MoSMART fund on an application to be developed by the department of public safety with the approval of MoSMART. All applications shall be evaluated by MoSMART and approved or denied based upon the level of funding designated for methamphetamine enforcement before 1997 and upon current need and circumstances. No applicant shall receive a MoSMART grant in excess of one hundred thousand dollars per year. The department of public safety shall monitor all MoSMART grants.

7. MoSMART's anti-methamphetamine funding priorities are as follows:

(1) Sheriffs who are participating in coordinated multi-jurisdictional task forces and have their task forces apply for funding;

(2) Sheriffs whose county has been designated HIDTA counties, yet have received no HIDTA or narcotics assistance program funding; and

(3) Sheriffs without HIDTA designations or task forces, whose application justifies the need for MoSMART funds to eliminate methamphetamine labs."

"288.037. 1. The term "employer" shall include any Indian tribe for which service in employment as defined in section 288.034 is performed.

2. The term "employment" shall include service performed in the employ of an Indian tribe, as defined in Section 3306(u) of the Federal Unemployment Tax Act (FUTA), provided such service is excluded from "employment" as defined in FUTA solely by reason of Section 3306(c)(7), FUTA, and is not otherwise excluded from "employment" under this chapter. For purposes of this section, the exclusions from employment in subsection 9 of section 288.034 shall be applicable to services performed in the employ of an Indian tribe.

3. Benefits based on service in employment defined in this section shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter. The provisions of subsection 3 of section 288.040 pertaining to services performed at an educational institution while in the employ of an "educational service agency" shall apply to services performed in an educational institution or educational service agency wholly owned and operated by an Indian tribe or tribal unit.

4. (1) Indian tribes or tribal units, including subdivisions, subsidiaries, or business enterprises wholly owned by such Indian tribes, subject to this chapter shall pay contributions under the same terms and conditions as all other subject employers, unless they elect to pay into the state unemployment fund amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe. An Indian tribe and all tribal units of such Indian tribe shall be jointly and severally liable for any and all contributions, payments in lieu of contributions, interest, penalties, and surcharges owed by the Indian tribe and all tribal units of such Indian tribe.

(2) Indian tribes electing to make payments in lieu of contributions must make such election in the same manner and under the same conditions as provided in subsection 3 of section 288.090 pertaining to state and local governments and nonprofit organizations subject to this chapter. Indian tribes will determine if reimbursement for benefits paid will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units. Termination of an Indian tribe's coverage pursuant to subdivision (5) of this subsection shall terminate the election of such Indian tribe and any tribal units of such Indian tribe to make payments in lieu of contributions.

(3) Indian tribes or tribal units will be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit on the same schedule as other employing units that have elected to make payments in lieu of contributions.

(4) Any Indian tribe or tribal unit that elects to become liable for payments in lieu of contributions shall be required, prior to the effective date of its election, to post with the division a surety bond issued by a corporate surety authorized to do business in Missouri in an amount equivalent to the contributions or payments in lieu of contributions for which the Indian tribe or tribal unit was liable in the last calendar year in which it accrued contributions or payments in lieu of contributions, or one hundred thousand dollars, whichever amount is the greater, to ensure prompt payment of contributions or payments in lieu of contributions, interest, penalties, and surcharges for which the Indian tribe or tribal unit may be, or becomes, jointly and severally liable pursuant to this chapter.

(5) Failure of the Indian tribe or tribal unit to maintain the required surety bond, including the posting of an additional surety bond or a replacement surety bond within ninety days of being directed by the division, will cause services performed for such Indian tribe to not be treated as "employment" for purposes of subsection 2 of this section.

(6) The director may determine that any Indian tribe that loses coverage under subdivision (5) of this subsection, may have services performed for such tribe again included as "employment" for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid. Upon reinstatement of coverage under this subdivision, an Indian tribe or any tribal unit may elect, in accordance with the provisions of this subsection, to make payments in lieu of contributions.

(7) If an Indian tribe fails to maintain the required surety bond by posting an additional surety bond or a replacement surety bond within ninety days of being directed by the division, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

(8) Notices of surety bond deficiency to Indian tribes or their tribal units shall include information that failure to post an additional surety bond or a replacement surety bond within the prescribed time frame:

(a) Will cause the Indian tribe to be liable for taxes under FUTA;

(b) Will cause the Indian tribe to be excepted from the definition of "employer," as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from "employment".

5. (1) Failure of the Indian tribe or tribal unit to make required payments, including assessments of interest and penalty, within ninety days of receipt of the bill will cause services performed for such Indian tribe to not be

treated as "employment" for purposes of subsection 2 of this section.

(2) The director may determine that any Indian tribe that loses coverage under subdivision (1) of this subsection, may have services performed for such tribe again included as "employment" for purposes of subsection 2 of this section if all contributions, payments in lieu of contributions, penalties, and interest have been paid.

(3) If an Indian tribe fails to make payments required under this section, including assessments of interest and penalty, within ninety days of a final notice of delinquency, the director will immediately notify the United States Internal Revenue Service and the United States Department of Labor.

6. Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information that failure to make full payment within the prescribed time frame:

(1) Will cause the Indian tribe to be liable for taxes under FUTA;

(2) Will cause the Indian tribe to be excepted from the definition of "employer", as provided in subsection 1 of this section, and services in the employ of the Indian tribe, as provided in subsection 2 of this section, to be excepted from "employment".

7. Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe."; and

Further amend said bill, page 61, Section 99.134, Line 22, by inserting after all of said line the following:

"99.805. As used in sections 99.800 to [99.865] 99.873, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

(a) Discourage commerce, industry or manufacturing from moving their operations to another state; or

(b) Result in increased employment in the municipality; or

(c) Result in preservation or enhancement of the tax base of the municipality;

(6) "Gambling establishment", an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(7) "High unemployment", unemployment in the census block group or contiguous group of block groups in which the redevelopment project is located of at least one and one-half times that of the metropolitan statistical area in which the area is located or, one and one-half times the unemployment rate of nonmetropolitan counties if the area is not located in a metropolitan statistical area;

(8) "Low fiscal capacity", per capita assessed valuation of property in the municipality of less than sixty percent of the entire county in which it is located, or, in unincorporated areas, when the per capita assessed valuation of property in the school district is less than sixty percent of the entire county in which it is located;

(9) "Moderate income", either a Missouri municipality within a metropolitan statistical area which has a population of at least one thousand five hundred and median household income of under ninety percent of the median household income for the metropolitan statistical area, according to the last decennial census, or a United States census block group or contiguous group of block groups within a metropolitan statistical area which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the metropolitan area in Missouri, according to the last decennial census. In addition, the definition shall include municipalities not within a metropolitan statistical area, with a median household income of under ninety percent of the median household income for the nonmetropolitan areas in Missouri according to the last decennial census or a census block group or contiguous group of block groups which has a population of at least one thousand five hundred, and each block group having a median household income of under ninety percent of the median household income for the nonmetropolitan areas of Missouri, according to the last decennial census;

[(7)] (10) "Municipality", a city, village, or incorporated town or any county of this state. [(11)] (14) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(12)] (15) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(13)] (16) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

[(16)] **(21)** "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(17)] **(22)** "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; [and]

[(18)] **(23)** "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the

most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

- (1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision [and], an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;
- (2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;
- (3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;
- (4) A plan has been developed for relocation assistance for businesses and residences;
- (5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;
- (6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

- (1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by

ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to **blighted areas located in distressed communities pursuant to section 135.530, RSMo**, blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her

designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. All personnel and other costs incurred by the department of economic development for the administration and operation of subsections 4 to 12 of this section shall be paid from the state general revenue fund. On an annual basis, the general revenue fund shall be reimbursed for the full amount of such costs by the developer or developers of the project or projects for which municipalities have made tax increment financing applications for the appropriation of new state revenues, as provided for in subdivision (1) of subsection 10 of this section. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development.

99.866. 1. Except as provided in subsection 2 of this section, sections 99.866 to 99.872 shall apply to any city not within a county, any county with a charter form of government and with more than one million inhabitants, any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants, any county of the third classification without a township form of government and with more than twenty-four thousand five hundred but less than twenty-four thousand six hundred inhabitants, any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants, any county of the first classification without a charter form of government and with more than ninety-three thousand eight hundred but less than ninety-three thousand nine hundred inhabitants, any county of the third classification without a township form of government and with more than thirty-eight thousand nine hundred but less than thirty-nine thousand inhabitants, any county of the fourth classification with more than fifty-five thousand six hundred but less than fifty-five thousand seven hundred inhabitants, and any county of the third classification without a township form of government and with more than seventeen thousand eight hundred but less than seventeen thousand nine hundred inhabitants.

2. Any redevelopment project consisting solely of public infrastructure improvements on public land requiring two million dollars or less in tax increment financing, wherein the bonds for such project will be paid off in seven years or less, shall be exempt from the provisions of sections 99.866 to 99.872. However, no "stringing" of projects shall be allowed. No exempt project pursuant to this section shall be combined with another exempt project pursuant to this section for a period of five years.

3. Any redevelopment project for which eligible project redevelopment costs are to be paid from that portion of the total economic activity taxes and payments in lieu of taxes imposed by the municipality only, and real or potential revenues from no other taxing jurisdictions are involved, are exempt from the provisions of sections 99.866 to 99.872.

99.867. 1. The municipality and any proposed redevelopment area shall meet the requirements of section 99.810 and this section. In addition, if the proposed redevelopment project is a retail redevelopment project, it must be

in a redevelopment area where:

- (1) The host municipality or, for unincorporated areas, the host school district has low fiscal capacity; or**
- (2) The census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area have high unemployment; or**
- (3) The municipality, census block group or groups, as defined in the most recent decennial census, containing the proposed redevelopment area are characterized by moderate income.**

2. Tax increment financing shall not be used for more than thirty percent of the total estimated redevelopment costs of a project unless the redevelopment is in a municipality, census block group or group of block groups with a median household income less than seventy percent of that of the metropolitan area, a distressed community as defined in section 135.530, RSMo, a federal enterprise zone or a federal empowerment zone. Tax increment financing shall not be used to develop sites in which twenty-five percent or more of the area is vacant and has not previously been developed or qualifies as "open space" pursuant to section 67.900, RSMo, or is presently being used for agricultural or horticultural purposes.

3. If the majority of the proposed redevelopment project is located in an area meeting the requirements of low fiscal capacity, high unemployment, and moderate income set forth in this section, and if such conditions are documented in an area which is contiguous to but outside of the qualifying area, and is smaller than a census block group, the contiguous area shall be added to the qualifying area.

99.870. Commencing with the first fiscal year in which any municipality receives any payments in lieu of taxes from a redevelopment project and continuing through the last fiscal year in which the municipality receives such payments, the municipality shall pay to any other taxing entities entitled to receive revenue from levies on real property in such municipality, an amount equal to twenty-five percent of the payments in lieu of taxes received by the municipality. This amount shall be divided among the other affected taxing entities on a basis that is proportional to the collections of revenue from real property in the development area to which each such taxing district is entitled during that tax year.

99.871. In addition to the requirements which may apply pursuant to section 99.810, no redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision, an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met, and a study stating that records were reviewed, inspections were made, comparisons were made, or tasks undertaken demonstrating that the property has not been developed through private enterprise over a period of time. Such a study should be signed by a responsible party in the local jurisdiction who is designated as being responsible for the study's representations. The study shall be of sufficient specificity to allow representatives of the tax increment financing commission or the municipality, or both, to conduct investigations deemed necessary in order to confirm its findings;

(2) An economic feasibility analysis including a pro forma financial statement indicating a return on investment that may be expected without public assistance. The financial statement shall detail any assumptions made, a pro forma statement analysis demonstrating the amount of assistance required to bring the return into a range deemed attractive to private investors, which amount shall be equal to the estimated reimbursable project costs.

99.872. The municipality and the developer shall annually submit information to the department regarding an approved plan for as long as the plan is in effect. The department shall establish reporting requirements by rule promulgated pursuant to chapter 536, RSMo. The department shall submit a report to the governor and the

general assembly by December thirty-first of each year. The report shall, at a minimum, identify the number and location of redevelopment areas, quantify public investment in each, and assess the public benefit derived from the redevelopment project.

99.873. Any district in any city not within a county, any county with a charter form of government and with more than one million inhabitants, any county of the first classification without a charter form of government and with more than one hundred ninety-eight thousand but less than one hundred ninety-nine thousand two hundred inhabitants, any county of the third classification without a township form of government and with more than twenty-four thousand five hundred but less than twenty-four thousand six hundred inhabitants, any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants, any county of the first classification without a charter form of government and with more than ninety-three thousand eight hundred but less than ninety-three thousand nine hundred inhabitants, any county of the third classification without a township form of government and with more than thirty-eight thousand nine hundred but less than thirty-nine thousand inhabitants, any county of the fourth classification with more than fifty-five thousand six hundred but less than fifty-five thousand seven hundred inhabitants, and any county of the third classification without a township form of government and with more than seventeen thousand eight hundred but less than seventeen thousand nine hundred inhabitants, providing emergency services pursuant to chapter 190 or 321, RSMo, shall be entitled to reimbursement from the special allocation fund for direct costs. However, such reimbursement shall not be less than twenty-five percent nor more than one hundred percent of the district's tax increment.

99.874. The provisions of this act shall apply to all redevelopment projects which are approved by a municipality after the effective date of this act."; and

Further amend said bill, Page 150, Section 348.302, Line 7, by inserting after all of said line the following:

"Section B. The repeal and reenactment of sections 99.805, 99.810, 99.845 and the enactment of sections 99.866, 99.867, 99.870, 99.871, 99.872, 99.873 and 99.874 of this act shall become effective July 1, 2003."; and

COMMUNICATIONS

Senator Caskey submitted the following objection:

NOTICE OF OBJECTION

May 15, 2002

Mrs. Terry Spieler

Secretary of the Senate

Missouri Senate

State Capitol

Jefferson City, MO 65101

Dear Madame Secretary:

Pursuant to Rule 10, I hereby formally object to the ruling of the Chair on the point of order raised this date concerning the legality of offering the Senate Committee Substitute and the Senate Substitute for House Bill No. 1906, in that sections 33.900 and 578.475 are inconsistent with the underlying purpose of the legislation. The Chair ruled that the substitutes were in order.

Rule 10 of the Rules of the Senate state in part: "The president pro tem shall be parliamentarian of the senate and may decide all points of order..." and "All rulings on points of order shall be subject to appeal to the senate...". I request that this formal objection be printed in the Senate Journal for this day.

Article III, Section 21 of the Missouri Constitution states: "...no bill shall be so amended in its passage through either house as to change its original purpose". The original purpose of the introduced bill was to aid the current state fiscal crisis through the transfer of excess unobligated cash balances of certain state funds to general revenue.

Section 578.475 is contained in the Senate Substitute and prohibits the knowing transfer of human fetal parts for valuable consideration; it does not involve in any way state funds and therefore is inconsistent with the original purpose of the bill. Section 33.900, which prohibits the expenditure of public funds to subsidize abortion services or administrative expenses, does not change the current level of appropriations and is similarly inconsistent with the original purpose of the bill.

Journal of the Senate

SECOND REGULAR SESSION

SEVENTY-FOURTH DAY--THURSDAY, MAY 16, 2002

The Senate met pursuant to adjournment.

Senator Gross in the Chair.

Reverend Carl Gauck offered the following prayer:

"We must work the works of him who sent me while it is day; night is coming when no one can work." (John 9:4)

God of Creation, help us this day to do what we usually would put off until tomorrow. Teach us how to make the best use of the time we have left to be instruments of Your wonderful power being obedient to Your prompting and follow Your directing; for surely the night is coming and we will no longer be able to do our work here. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from KRCG-TV, the Associated Press and KOMU-TV were given permission to take pictures in the Senate Chamber today.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bills Nos. 1150, 1237 and 1327, Page 10, Section 32.381, Line 3 of said page, by inserting after all of said line the following:

"137.073. 1. As used in this section, the following terms mean:

- (1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;
- (2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;
- (3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax

rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books **for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016**, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation **of each subclass of real property, individually, and personal property, in the aggregate**, exclusive of new construction and improvements. All political subdivisions shall immediately revise the **applicable** rates of levy for each purpose **for each subclass of real property, individually, and personal property, in the aggregate**, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year **for each subclass of real property, individually, and personal property, in the aggregate**, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. **Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year.** As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor shall be limited to the actual assessment growth [within] **in the aggregate** for the political subdivision, exclusive of new construction and improvements, but not to exceed the consumer price index or five percent, whichever is lower. **Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, as per the relative tax rate reduction of such subclasses of real property, individually, and/or personal property, in the aggregate.**

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the

estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling **for the particular subclass of real property or for personal property, in the aggregate**, in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate **for the particular subclass of real property or for personal property, in the aggregate**, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. The assessor shall certify the amount of new construction and improvements for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the

Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate were at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to a taxing jurisdiction which receives some portion of its funding pursuant to chapter 163, RSMo.

6. (1) **For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one-hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.**

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest [one/one hundredth] **one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth** of a cent. **If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to [five/one thousandth] five/one-thousandth of one cent to the next higher [one/one hundredth] one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent.** Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate

ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed, to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.

137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this

state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
 - (2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:
 - (a) Such sale was closed at a date relevant to the property valuation; and
 - (b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.
2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.
3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:
- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
 - (2) Livestock, twelve percent;
 - (3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. [If] **Before** the assessor [increases] **may increase** the assessed valuation of any parcel of subclass (1) real property by more than [seventeen] **fifteen** percent since the last assessment, excluding increases due to new construction or improvements, [then] the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a "drive-by inspection" or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank for its service.

14. The provisions of sections 137.073, 137.115, 138.060 and 138.100 of this act shall become effective January 1, 2003 for any taxing jurisdiction which is partly or entirely within a county with a charter form of government with greater than one million inhabitants, and the provisions of sections 137.073, 137.115, 138.060 and 138.100 of this act shall become effective January 1, 2005 for all taxing jurisdictions in this state. Any county in this state may, by an affirmative vote of the governing body of such county, opt into the provisions of this act prior to January 1, 2005.

138.060. 1. The county board of equalization shall, in a summary way, determine all appeals from the valuation of property made by the assessor, and shall correct and adjust the assessment accordingly. There shall be no presumption that the assessor's valuation is correct. **In any county with a charter form of government with a population greater than two hundred eighty thousand inhabitants but less than two hundred eighty-five thousand inhabitants, and in any county with a charter form of government with greater than one million inhabitants, and in any city not within a county, the assessor shall have the burden to prove that the assessor's valuation does not exceed the true market value of the subject property. In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, RSMo, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115, RSMo. In such county or city, in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, RSMo, the property owner shall prevail on the appeal as a matter of law. At any hearing before the state tax commission or a court of competent jurisdiction of an appeal of assessment from a first class charter county or a city not within a county, the assessor shall not advocate nor present evidence advocating a valuation higher than that value finally determined by the assessor or the value determined by the board of equalization, whichever is higher, for that assessment period.**

2. The county clerk shall keep an accurate record of the proceedings and orders of the board, and the assessor shall correct all erroneous assessments, and the clerk shall adjust the tax book according to the orders of such board and the orders of the state tax commission, except that in adding or deducting such percent to each tract or parcel of real estate as required by such board or state tax commission, he shall add or deduct in each case any fractional sum of less than fifty cents, so that the value of any separate tract shall contain no fractions of a dollar.

138.100. 1. The following rules shall be observed by such county boards of equalization:

(1) They shall raise the valuation of all tracts or parcels of land and all tangible personal property as in their opinion have been returned below their real value; but, after the board has raised the valuation of such property, notice shall be given that said valuation of such property has been increased and a hearing shall be granted; such notice shall be in writing and shall be directed to the owner of the property or the person controlling the same, at his last address as shown by the records in the assessor's office, and shall describe the property and the value thereof as increased; such

notice may be by personal service or by mail and if the address of such person or persons is unknown, notice may be given by publication in two newspapers published within the county; such notice shall be served, mailed or published at least five days prior to the date on which said hearing shall be held at which objections, if any, may be made against said increased assessment;

(2) They shall reduce the valuation of such tracts or parcels of land or of any tangible personal property which, in their opinion, has been returned above its true value as compared with the average valuation of all the real and tangible personal property of the county.

2. Such hearings shall end on the last Saturday of July of each year; provided, that the estimated true value of personal property as shown on any itemized personal property return shall not be conclusive on the assessor or prevent the assessor from increasing such valuation. Provided further that said board of equalization shall meet thereafter at least once a month for the purpose of hearing allegations of erroneous assessments, double assessments and clerical errors, and upon satisfactory proof thereof shall correct such errors and certify the same to the county clerk and county collector.

3. The board of equalization in all counties with a charter form of government shall provide the taxpayer with written findings of fact and a written basis for the board's decision regarding any parcel of real property which is the subject of a hearing before any board of equalization."; and

Further amend the title and enacting clause accordingly.

Further amend said bill, Page 139, Section 135.535, Line 21, by inserting after all of said line the following:

"137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation, exclusive of new construction and improvements. All political subdivisions shall

immediately revise the rates of levy for each purpose for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor shall be limited to the actual assessment growth within the political subdivision, exclusive of new construction and improvements, but not to exceed the consumer price index or five percent, whichever is lower.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, **sections 100.010 to 100.200, RSMo**, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. The assessor shall certify the amount of new construction and improvements for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the

latest twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

6. Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one/one hundredth of a cent. A taxing authority shall round up a fraction greater than or equal to five/one thousandth of one cent to the next higher one/one hundredth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor.

and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed, to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year."; and

If any party believes circumstances that require immediate aid or action exist, including circumstances where the health or safety of any adult or child would be unreasonably placed at risk by providing the notice or disclosures required in subsection 2 of this section, the following procedure shall apply:**

4. Except as otherwise provided in subsection 3 of this section, the court shall consider a failure to provide notice of a proposed relocation of a child or any party entitled to custody or visitation of the child as:

(1) A factor in determining whether custody and visitation should be modified;

(2) A basis for ordering the return of the child if the relocation occurs without notice; and

(3) Sufficient cause to order the party seeking to relocate the child to pay reasonable expenses and attorneys fees incurred by the party objecting to the relocation.

[6. If the parties agree to a revised schedule of custody and visitation for the child, which includes a parenting plan, they may submit the terms of such agreement to the court with a written affidavit signed by all parties with custody or visitation assenting to the terms of the agreement, and the court may order the revised parenting plan and applicable visitation schedule without a hearing.

Such motion shall be accompanied by an affidavit setting forth the specific factual basis supporting a prohibition of the relocation. The person seeking relocation shall file a response to the motion within fourteen days, unless extended by the court for good cause, and include a counter-affidavit setting forth the facts in support of the relocation as well as a proposed revised parenting plan for the child.

[8.] **6.** If relocation of the child is proposed, a third party entitled by court order to legal custody of or visitation with a child and who is not a parent may file a cause of action to obtain a revised schedule of legal custody or visitation, but shall not prevent a relocation.

[10. If relocation is permitted:

(1)] The nonrelocating party shall provide sufficient evidence to support such party's opposition to the proposed relocation.

8. If the court finds that relocation is in the best interest of the child and will be permitted, the schedule of custody and visitation, including a parenting plan, shall be modified as follows:

(1) If the parties agree to a revised schedule of custody and visitation for the child, including a parenting plan, they may submit the terms of such agreement to the court with a written affidavit signed by all parties with custody or visitation assenting to the terms of the agreement, and the court may order the revised parenting plan and applicable visitation schedule without a hearing;

(2) If the parties cannot agree to a revised schedule of custody and visitation for the child, including a parenting plan, the revised parenting plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child. In the revised parenting plan:

(a) The court shall order contact with the nonrelocating party including custody or visitation and telephone access sufficient to assure that the child has frequent, continuing and meaningful contact with the nonrelocating party unless the child's best interest warrants otherwise; and

[(2)] (b) The court shall specify how the transportation costs will be allocated between the parties and adjust the child support, as appropriate, considering the costs of transportation.

[11.] **9.** After August 28, 1998, every court order establishing or modifying custody or visitation shall include the following language: "[Absent exigent circumstances as determined by a court with jurisdiction] **Unless limited notice is provided pursuant to subsection 3 of section 452.377, RSMo, and a court with jurisdiction determines that exigent circumstances exist, including circumstances where the health or safety of any adult or child would be unreasonably placed at risk by such notice or disclosure**, you, as a party to this action, are ordered to notify, in writing by certified mail, return receipt requested, and at least sixty days prior to the proposed relocation, each party to this action of **your relocation or** any proposed relocation of the principal residence of the child, including the following information:

(4) A brief statement of the specific reasons for the proposed relocation of the child; and

(5) A proposal for a revised schedule of custody or visitation with the child.

Your obligation to provide this information to each party continues as long as you or any other party by virtue of this order is entitled to custody of a child covered by this order. Your failure to obey the order of this court regarding the proposed relocation may result in further litigation to enforce such order, including contempt of court. In addition, your failure to notify a party of a relocation of the child may be considered in a proceeding to modify custody or visitation with the child. Reasonable costs and attorney fees may be assessed against you if you fail to give the required notice."

[12.] **10. Except as otherwise provided in subsection 3 of this section**, violation of the provisions of this section or a court order under this section may be deemed a change of circumstance under section 452.410, allowing the court to

modify the prior custody decree. In addition, the court may utilize any and all powers relating to contempt conferred on it by law or rule of the Missouri supreme court.

[13.] **11.** Any party who objects in good faith to the relocation of a child's principal residence shall not be ordered to pay the costs and attorney's fees of the party seeking to relocate."; and

Further amend said title, enacting clause and intersectional references accordingly.

HOUSE AMENDMENT NO. 6

Amend House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 923, 828, 876, 694 and 736, Page 14, Section 210.001, Line 10 of said page, by inserting the following:

"210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, **minister as provided by Section 352.400, RSMo**, Christian Science practitioner, peace officer or law enforcement official, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report or cause a report to be made to the division in accordance with the provisions of sections 210.109 to 210.183. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. Whenever such person is required to report pursuant to sections 210.109 to 210.183 in an official capacity as a staff member of a medical institution, school facility, or other agency, whether public or private, the person in charge or a designated agent shall be notified immediately. The person in charge or a designated agent shall then become responsible for immediately making or causing such report to be made to the division. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

4. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

5. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452, RSMo, and shall report the findings to the child fatality review panel established pursuant to section 210.192.

6. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting or causing a report to be made to the division.

7. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri division of family services, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the Missouri division of family services."; and

Further amend said bill, Page 59, Section 294.141, Line 21 of said page, by inserting immediately after said line the following:

"352.400. 1. As used in this section, the following words and phrases shall mean:

(1) "Abuse", any physical injury, sexual abuse, or emotional abuse, injury or harm to a child under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo;

(2) "Child", any person, regardless of physical or mental condition, under eighteen years of age;

(3) "Minister", any person while practicing as a minister of the gospel, clergyperson, priest, rabbi, or other person serving in a similar capacity for any religious organization who is responsible for or who has supervisory authority over one who is responsible for, the care, custody, and control of a child or has access to a child.

(4) "Neglect", failure to provide the proper or necessary support or services by those responsible for the care, custody, and control of a child, under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo;

(5) "Religious organization", any society, sect, persuasion, mission, church, parish, congregation, temple, convention or association of any of the foregoing, diocese or presbytery, or other organization, whether or not incorporated, that meets at more or less regular intervals for worship of a supreme being or higher power, or for mutual support or edification in piety or with respect to the idea that a minimum standard of behavior from the standpoint of overall morality is to be observed, or for the sharing of common religious bonds and convictions;

(6) "Report", the communication of an allegation of abuse or neglect pursuant to sections 210.109 to 210.183, RSMo.

2. When a minister or agent designated pursuant to subsection 3 of this section has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo, the minister or designated agent shall immediately report or cause a report to be made as provided in sections 210.109 to 210.183, RSMo. Notwithstanding any other provision of this section or sections 210.109 to 210.183, RSMo, a minister shall not be required to report concerning a privileged communication made to him or her in his or her professional capacity.

3. A religious organization may designate an agent or agents required to report pursuant to sections 210.109 to 210.183, RSMo, in an official capacity on behalf of the religious organization. In the event a minister, official or staff member of a religious organization has probable cause to believe that the child has been subjected to abuse or neglect under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo, and the minister, official or staff member of the religious organization does not personally make a report pursuant to sections 210.109 to 210.183, RSMo, the designated agent of the religious organization shall be notified. The designated agent shall then become responsible for making or causing the report to be made pursuant to sections 210.109 to 210.183, RSMo. This section shall not preclude any person from reporting abuse or neglect as otherwise provided by law."; and

Further amend the title and enacting clause of said bill accordingly.

The crime reduction fund is to be used only as a supplement to the law enforcement agency's funding received from other county, state, or federal funds.

5. County crime reduction funds shall be audited as are all other county funds.

558.019.1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of section 559.115, RSMo, relating to probation.

2. The provisions of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of a defendant after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include commitment to a regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the defendant has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the defendant must serve shall be forty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(2) If the defendant has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be fifty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the defendant has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be eighty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the defendant before he is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for defendants convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

(a) The nature and severity of each offense;

(b) The record of prior offenses by the offender;

(c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and

(d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall publish and distribute its system of recommended sentences on or before July 1, 1995. The commission shall study the implementation and use of the system of recommended sentences until July 1, 1998, and return a final report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 1998, report, the commission may revise the recommended sentences every three years.

(5) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(6) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(7) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

7. If the imposition or execution of a sentence is suspended, the court may consider ordering restorative justice methods pursuant to section 217.777, RSMo, including any or all of the following, or any other method that the court finds just or appropriate:

(1) Restitution to any victim for costs incurred as a result of the offender's actions;

(2) Offender treatment programs;

(3) Mandatory community services;

(4) Work release programs in local facilities; and

(5) Community-based residential and nonresidential programs.

8. If the imposition or execution of a sentence is suspended for a misdemeanor, in addition to the provisions of subsection 7 of this section, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to section 50.555, RSMo. Such contribution shall not exceed five hundred dollars for any course of conduct, regardless of the number of charges resulting from such conduct. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555, RSMo. County crime reduction funds shall be audited as are all other county funds.

[7.] **9.** The provisions of this section shall apply only to offenses occurring on or after August 28, 1994.

559.021. 1. The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, or society. Such conditions may include, but shall not be limited to:

(1) Restitution to the victim or any dependent of the victim, in an amount to be determined by the judge; and

(2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge.

3. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty or a

finding of guilt, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to section 50.555, RSMo. Such contribution shall not exceed five hundred dollars for any course of conduct, regardless of the number of charges resulting from such conduct. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555, RSMo. County crime reduction funds shall be audited as are all other county funds.

[3.] **4.** The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

[4.] **5.** The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term.

6. The defendant may refuse probation conditioned on a payment to a county crime reduction fund. If he or she does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. A judge may order payment to a crime reduction fund only if such fund had been created prior to sentencing by ordinance or resolution of a county of the state of Missouri. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering the probationers to make payments. A defendant who fails to make a payment or payments to a county crime reduction fund may not have his probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either willfully refused to make the payment or that the defendant willfully, intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay."; and

Further amend the title, enacting clause and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

Such amount shall be a one-time payment, and shall be in addition to the payment required by section 319.133. The owner or operator of any aboveground storage tank regulated by this chapter, including the state of Missouri and its political subdivisions and public transportation systems, who seeks to participate in the petroleum storage tank insurance fund, shall transmit one hundred dollars per tank to the board with his or her initial application. Such amount shall be a one-time payment and shall be in addition to the payment required by section 319.133. Moneys received pursuant to this section shall be transmitted to the director of revenue for deposit in the petroleum storage tank insurance fund.

3. The state treasurer may deposit moneys in the fund in any of the qualified depositories of the state. All such deposits shall be secured in a manner and upon the terms as are provided by law relative to state deposits. Interest earned shall be credited to the petroleum storage tank insurance fund.

4. The general administration of the fund and the responsibility for the proper operation of the fund, including all decisions relating to payments from the fund, are hereby vested in a board of trustees. The board of trustees shall consist of the commissioner of administration or the commissioner's designee, the director of the department of natural resources or the director's designee, the director of the department of agriculture or the director's designee, and eight citizens appointed by the governor with the advice and consent of the senate. Three of the appointed members shall be owners or operators of retail petroleum storage tanks, including one tank owner or operator of greater than one hundred tanks; one tank owner or operator of less than one hundred tanks; and one aboveground storage tank owner or operator. One appointed trustee shall represent a financial lending institution, and one appointed trustee shall represent the insurance underwriting industry. One appointed trustee shall represent industrial or commercial users of petroleum.

The two remaining appointed citizens shall have no petroleum-related business interest, and shall represent the nonregulated public at large. The members appointed by the governor shall serve four-year terms except that the governor shall designate two of the original appointees to be appointed for one year, two to be appointed for two years, two to be appointed for three years and two to be appointed for four years. Any vacancies occurring on the board shall be filled in the same manner as provided in this section.

5. The board shall meet in Jefferson City, Missouri, within thirty days following August 28, 1996. Thereafter, the board shall meet upon the written call of the chairman of the board or by the agreement of any six members of the board. Notice of each meeting shall be delivered to all other trustees in person or by registered mail not less than six days prior to the date fixed for the meeting. The board may meet at any time by unanimous mutual consent. There shall be at least one meeting in each quarter.

6. Six trustees shall constitute a quorum for the transaction of business, and any official action of the board shall be based on a majority vote of the trustees present.

7. The trustees shall serve without compensation but shall receive from the fund their actual and necessary expenses incurred in the performance of their duties for the board.

8. All staff resources for the Missouri petroleum storage tank insurance fund shall be provided by the department of natural resources or another state agency as otherwise specifically determined by the board. The fund shall compensate the department of natural resources or other state agency for all costs of providing staff required by this subsection. Such compensation shall be made pursuant to contracts negotiated between the board and the department of natural resources or other state agency.

9. In order to carry out the fiduciary management of the fund, the board may select and employ, or may contract with, persons experienced in insurance underwriting, accounting, the servicing of claims and rate making, and legal counsel to defend third-party claims, who shall serve at the board's pleasure. Invoices for such services shall be presented to the board in sufficient detail to allow a thorough review of the costs of such services.

10. At the first meeting of the board, the board shall elect one of its members as chairman. The chairman shall preside over meetings of the board and perform such other duties as shall be required by action of the board.

11. The board shall elect one of its members as vice chairman, and the vice chairman shall perform the duties of the chairman in the absence of the latter or upon the chairman's inability or refusal to act.

12. The board shall determine and prescribe all rules and regulations as they relate to fiduciary management of the fund, pursuant to the purposes of sections 319.100 to 319.137. In no case shall the board have oversight regarding environmental cleanup standards for petroleum storage tanks.

13. No trustee or staff member of the fund shall receive any gain or profit from any moneys or transactions of the fund. This shall not preclude any eligible trustee from making a claim or receiving benefits from the petroleum storage tank insurance fund as provided by sections 319.100 to 319.137.

14. The board may reinsure all or a portion of the fund's liability. Any insurer who sells environmental liability insurance in this state may, at the option of the board, reinsure some portion of the fund's liability.

15. The petroleum storage tank insurance fund shall expire on December 31, 2010, or upon revocation of federal regulation 40 CFR Parts 280 and 285, whichever occurs first, unless extended by action of the general assembly. After December 31, 2010, the board of trustees may continue to function for the sole purpose of completing payment of claims made prior to December 31, 2010.

16. The board shall annually commission an independent financial audit of the petroleum storage tank insurance fund. The board shall biennially commission an actuarial analysis of the petroleum storage tank insurance fund. The results of the financial audit and the actuarial analysis shall be made available to the public. The board may contract with third parties to carry out the requirements of this subsection.

319.131. 1. Any owner or operator of one or more petroleum storage tanks may elect to participate in the petroleum storage tank insurance fund to partially meet the financial responsibility requirements of sections 319.100 to 319.137. Subject to regulations of the board of trustees, owners or operators may elect to continue their participation in the fund subsequent to the transfer of their property to another party. Current or former refinery sites or petroleum pipeline or marine terminals are not eligible for participation in the fund.

2. The board shall establish an advisory committee which shall be composed of insurers and owners and operators of petroleum storage tanks. The advisory committee established pursuant to this subsection shall report to the board. The committee shall monitor the fund and recommend statutory and administrative changes as may be necessary to assure efficient operation of the fund. The committee, in consultation with the board and the department of insurance, shall annually report to the general assembly on the availability and affordability of the private insurance market as a viable method of meeting the financial responsibilities required by state and federal law in lieu of the petroleum storage tank insurance fund.

3. (1) Except as otherwise provided by this section, any person seeking to participate in the insurance fund shall submit an application to the board of trustees and shall certify that the petroleum tanks meet or exceed and are in compliance with all technical standards established by the United States Environmental Protection Agency, except those standards and regulations pertaining to spill prevention control and counter-measure plans, and rules established by the Missouri department of natural resources and the Missouri department of agriculture. The applicant shall submit proof that the applicant has a reasonable assurance of the tank's integrity. Proof of tank integrity may include but not be limited to any one of the following: tank tightness test, electronic leak detection, monitoring wells, daily inventory reconciliation, vapor test or any other test that may be approved by the director of the department of natural resources or the director of the department of agriculture. The applicant shall submit evidence that the applicant can meet all applicable financial responsibility requirements of this section.

(2) A creditor, specifically a person who, without participating in and not otherwise primarily engaged in petroleum production, refining, and marketing, holds indicia of ownership primarily for the purpose of, or in connection with, securing payment or performance of a loan or to protect a security interest in or lien on the tank or the property where the tank is located, or serves as trustee or fiduciary upon transfer or receipt of the property, may be a successor in interest to a debtor pursuant to this section, provided that the creditor gives notice of the interest to the insurance fund by certified mail, return receipt requested. Part of such notice shall include a copy of the lien, including but not limited to a security agreement or a deed of trust as appropriate to the property. The term "successor in interest" as provided in this section means a creditor to the debtor who had qualified real property in the insurance fund prior to the transfer of title to the creditor, and the term is limited to access to the insurance fund. The creditor may cure any of the debtor's defaults in payments required by the insurance fund, provided the specific real property originally qualified pursuant to this section. The creditor, or the creditor's subsidiary or affiliate, who forecloses or otherwise obtains legal title to such specific real property held as collateral for loans, guarantees or other credit, and which includes the debtor's aboveground storage tanks or underground storage tanks, or both such tanks shall provide notice to the fund of any transfer of creditor to subsidiary or affiliate. Liability pursuant to sections 319.100 to 319.137 shall be confined to such creditor or such creditor's subsidiary or affiliate. A creditor shall apply for a transfer of coverage and shall present evidence indicating a lien, contractual right, or operation of law permitting such transfer, and may utilize the creditor's affiliate or subsidiary to hold legal title to the specific real property taken in satisfaction of debts. Creditors may be listed as insured or additional insured on the insurance fund, and not merely as mortgagees, and may assign or otherwise transfer the debtor's rights in the insurance fund to the creditor's affiliate or subsidiary, notwithstanding any limitations in the insurance fund on assignments or transfer of the debtor's rights.

(3) Any person participating in the fund shall annually submit an amount established pursuant to subsection 1 of section 319.133 which shall be deposited to the credit of the petroleum storage tank insurance fund.

4. Any person making a claim pursuant to this section and sections 319.129 and 319.133 shall be liable for the first ten thousand dollars of the cost of cleanup associated with a release from a petroleum storage tank without reimbursement from the fund. The petroleum storage tank insurance fund shall assume all costs, except as provided in subsection 5 of this section, which are greater than ten thousand dollars but less than one million dollars per occurrence or two million dollars aggregate per year. The liability of the petroleum storage tank insurance fund is not the liability of the state of

Missouri. The provisions of sections 319.100 to 319.137 shall not be construed to broaden the liability of the state of Missouri beyond the provisions of sections 537.600 to 537.610, RSMo, nor to abolish or waive any defense which might otherwise be available to the state or to any person. The presence of existing contamination at a site where a person is seeking insurance in accordance with this section shall not affect that person's ability to participate in this program, provided the person meets all other requirements of this section. Any person who qualifies pursuant to sections 319.100 to 319.137 and who has requested approval of a project for remediation from the fund, which request has not yet been decided upon shall annually be sent a status report including an estimate of when the project may expect to be funded and other pertinent information regarding the request.

5. **In addition to the coverage set forth in subsection 4**, the fund shall provide coverage for third-party claims involving property damage or bodily injury caused by leaking petroleum storage tanks whose owner or operator is participating in the fund at the time the release occurs or is discovered. Coverage for third-party bodily injury shall not exceed one million dollars per occurrence. Coverage for third-party property damage shall not exceed one million dollars per occurrence. The fund shall not compensate an owner or operator for repair of damages to property beyond that required to contain and clean up a release of a regulated substance or compensate an owner or operator or any third party for loss or damage to other property owned or belonging to the owner or operator, or for any loss or damage of an intangible nature, including, but not limited to, loss or interruption of business, pain and suffering of any person, lost income, mental distress, loss of use of any benefit, or punitive damages.

6. The fund shall, within limits specified in this section, assume costs of third-party claims and cleanup of contamination caused by releases from petroleum storage tanks. The fund shall provide the defense of eligible third-party claims including the negotiations of any settlement.

7. Nothing contained in sections 319.100 to 319.137 shall be construed to abrogate or limit any right, remedy, causes of action, or claim by any person sustaining personal injury or property damage as a result of any release from any type of petroleum storage tank, nor shall anything contained in sections 319.100 to 319.137 be construed to abrogate or limit any liability of any person in any way responsible for any release from a petroleum storage tank or any damages for personal injury or property damages caused by such a release.

8. (1) The fund shall provide moneys for cleanup of contamination caused by releases from petroleum storage tanks, the owner or operator of which is participating in the fund or the owner or operator of which has made application for participation in the fund by [December 31, 1997] **May 18, 2001**, regardless of when such release occurred, provided that those persons who have made application are ultimately accepted into the fund. Applicants shall not be eligible for fund benefits until they are accepted into the fund. This section shall not preclude the owner or operator of petroleum storage tanks coming into service after [December 31, 1997] **May 18, 2001**, from making application to and participating in the petroleum storage tank insurance fund.

(2) Notwithstanding the provisions of section 319.100 and the provisions of subdivision (1) of this section, the fund shall provide moneys for cleanup of contamination caused by releases from petroleum storage tanks owned by school districts all or part of which are located in a county of the third classification without a township form of government and having a population of more than ten thousand seven hundred but less than eleven thousand inhabitants, and which make application for participation in the fund by August 28, 1999, regardless of when such release occurred. Applicants shall not be eligible for fund benefits until they are accepted into the fund, and costs incurred prior to that date shall not be eligible expenses.

9. (1) The fund shall provide moneys for cleanup of contamination caused by releases from underground storage tanks which contained petroleum and which have been taken out of use prior to [December 31, 1997] **May 18, 2001**, provided such sites have been documented by or reported to the department of natural resources prior to [December 31, 1997] **May 18, 2001**, and provided further that the fund shall make no reimbursements for expenses incurred prior to August 28, 1995. The fund shall also provide moneys for cleanup of contamination caused by releases from underground storage tanks which contained petroleum and which have been taken out of use prior to December 31, 1985, if the current owner of the real property where the tanks are located purchased such property before December 31, 1985, provided such sites are reported to the fund on or before June 30, 2000. The fund shall make no payment for expenses incurred at such sites prior to August 28, 1999. Nothing in sections 319.100 to 319.137 shall affect the

validity of any underground storage tank fund insurance policy in effect on August 28, 1996.

(2) An owner or operator who submits a request as provided in this subsection is not required to bid the costs and expenses associated with professional environmental engineering services. The board may disapprove all or part of the costs and expenses associated with the environmental engineering services if the costs are excessive based upon comparable service costs or current market value of similar services. The owner or operator shall solicit bids for actual remediation and cleanup work as provided by rules of the board.

10. The fund shall provide moneys for cleanup of contamination caused by releases from aboveground storage tanks utilized for the sale of products regulated by chapter 414, RSMo, which have been taken out of use prior to [December 31, 1997] **May 18, 2001**, provided such sites have been documented by or reported to the department of natural resources prior to [December 31, 1997] **May 18, 2001**, and provided further that the fund shall make no reimbursements for expenses incurred prior to July 1, 1997."; and

SECRETARY OF STATE

OBJECTIONS

Senator Singleton offered the following constitutional objection:

May 16, 2002

Mrs. Terry Spieler

Secretary of the Senate

Missouri Senate

State Capitol

Jefferson City, MO 65101

RE: Conference Committee Report #2 on HCS/SB795

Dear Madam Secretary:

This is to notify you and others that I hereby am filing a constitutional objection to said bill for the following reasons:

1. The underlying bill dealt only with "emergency communication systems". It continued to have that same theme and content through its process until it got to the conference committee where the "Boiler and Pressure Vessel Board" was added to the bill. There is a Hammerschmidt problem in that the conference committee substitute #2 went beyond the intent and content of the underlying bill dealing only with "emergency communication systems". I would suggest that Section 650.277 is not germane and is in excess to the bill.
2. The second objection is based on the fact that the conference committee exceeded the differences without permission in adopting the conference committee report #2. It was not until the conference committee #2 was before the Senate that the sponsor, Senator John D. Schneider, made the motion to exceed the difference and adopt the conference committee report.

Thank you in advance for registering this constitutional objection on the above points.

Sincerely,

/s/ Marvin Singleton

Marvin A. Singleton, M.D.

State Senator, 32nd District

Senator Rohrbach offered the following constitutional objection:

May 24, 2002

The Honorable Peter Kinder

Senate President Pro Tempore

State Capitol, Room 326

Jefferson City, MO 65101

RE: Constitutional Objection to Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 1107, as amended.

I hereby raise a formal constitutional objection pursuant to Article III, Section 30 of the Constitution of Missouri to the signing of Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 1107, as amended, based on the following:

Article III, Section 20(a) of the Constitution of Missouri provides that "All bills in either house remaining on the calendar after 6:00 p.m. on the first Friday following the second Monday in May are tabled". Conference Committee Substitute for House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 1107, as amended, violates Article III, Section 20(a) because the bill was still on the House calendar at 6:00 p.m., Friday, May 17, 2002. As shown by the attached computer-generated printouts of floor action by the House of Representatives (which do not reveal the bill number but which are supported by roll call votes on pages 2377 to 2381 of the Journal of the House for Friday, May 17, 2002), the motion to suspend Rule 60(c) was not made and adopted until 6:08 p.m., the Conference Committee Report was not taken up and adopted until 6:09 p.m., and the Conference Committee Substitute, as amended, was not Truly Agreed and Finally Passed until 6:09 p.m., all past the time deadline established by the Constitution of Missouri.

The Supreme Court of Missouri has recognized the existence of the constitutionally imposed deadline, stating that "legislation cannot be changed during the enrolling period, if the period for considering bills specified in section 20 has expired", and that even "[t]he absence of any objection at the signing stage does not convert into legislation a law which the legislature had no power to enact". *State ex rel. Aschroft v. Blunt*, 696 S.W.2d 329, 331 (Mo.banc 1985).

Sincerely,

/s/ Larry Rohrbach

State Senator

District 6

OBJECTIONS

Senator Goode offered the following constitutional objection:

May 24, 2002

The Honorable Peter Kinder

Senate President Pro Tempore

State Capitol, Room 326

Jefferson City, MO 65101

RE: Constitutional Objection to Senate Substitute for Senate Committee Substitute for House Bill No. 1041

The purpose of this letter is to raise a formal constitutional objection pursuant to Senate Rule 67 that Senate Substitute for Senate Committee Substitute for House Bill No. 1041 is in violation of Article III, Section 36, Article IV, Section 28, and Article III, Section 21, Constitution of Missouri based on the following:

1) Article III, Section 36 of the Constitution of Missouri provides that "All revenue collected and money received by the state shall go into the treasury and the general assembly shall have no power to divert the same or to permit the withdrawal of money from the treasury, except in pursuance of appropriations made by law." Senate Substitute for Senate Committee Substitute for House Bill No. 1041, and specifically section 620.467, RSMo, constitutes an unlawful delegation of legislative authority to permit the withdrawal or transfer of an unspecified amount of general revenue to the Division of Tourism Supplemental Revenue Fund outside the appropriations process;

2) Senate Substitute for Senate Committee Substitute for House Bill No. 1041, and specifically section 620.467, RSMo, further constitutes an unlawful delegation of legislative authority by allowing the state treasurer, the Office of Administration, or any other administrative agency to accomplish the withdrawal or transfer of an unspecified amount of general revenue to the Division of Tourism Supplemental Revenue Fund outside the appropriations process;

3) Article IV, Section 28 of the Constitution of Missouri provides that "No money shall be withdrawn from the state treasury except by warrant in accordance with an appropriation made by law...." In addition to the objections noted above, Senate Substitute for Senate Committee Substitute for House Bill No. 1041, and specifically section 620.467, RSMo, contravenes this constitutional provision by permitting the withdrawal or transfer of an unspecified amount of general revenue to the Division of Tourism Supplemental Revenue Fund outside the appropriations process;

4) Senate Substitute for Senate Committee Substitute for House Bill No. 1041, and specifically section 620.467, RSMo, inserts in lieu of the word "transfer" throughout the section the word "deposit". Missouri case law indicates that a legal distinction exists between those terms: a "transfer" of funds requires some sort of legal authorization; but "deposit" connotes a function of a collection process, a ministerial exercise involving no legal authorization for its existence. See *Stephens v. Bragg City*, 27 S.W.2d 1063 (Mo. App. 1930). If changing "transfer" to "deposit" was successful in its intent to direct the Treasurer to directly deposit the funds, it would cause an unlawful delegation of authority as the state treasurer would be required to determine the amount to be transferred which can only legally be determined by the General Assembly;

5) Article III, Section 21 provides that "no bill shall be so amended in its passage through either house as to change its original purpose." The title of House Bill 1041 as introduced in the House, as placed on the consent calendar, and as perfected and third read by the House was relating to "tourism tax trust funds in certain cities". Senate Substitute for Senate Committee Substitute for House Bill 1041 broadens the title to relating to "tourism". Based on the original title and purpose of House Bill 1041, section 620.467, RSMo, added in the Senate goes beyond the original purpose of the bill. Section 620.467 attempts to require the Treasurer to deposit general revenue into the Division of Tourism Supplemental Revenue Fund without an appropriation by the General Assembly. While one could argue that the subject matter of section 620.467 fits the title of "tourism" in the Senate Substitute for Senate Committee Substitute, it does not fit within the original title and goes well beyond the purpose of the original bill. See *Hammerschmidt v. Boone County*, 877 S.W.2d 98 (Mo. banc 1994).

Sincerely,

/s/ Wayne Goode

Journal of the Senate
NINETY-FIRST GENERAL ASSEMBLY
OF THE
STATE OF MISSOURI
SECOND REGULAR SESSION

VETO SESSION

FIRST DAY--WEDNESDAY, SEPTEMBER 11, 2002

The Senate was called to order in Veto Session by Lieutenant Governor Joe Maxwell.

The Reverend Carl Gauck offered the following prayer:

"So acknowledge today and take to heart that the Lord is God in heaven above and on the earth beneath; there is no other." (Deuteronomy 4:30)

Holy God, we gather today to complete our constitutional responsibilities, so we ask that You guide our decisions for good and actions for effective service. Yet as we gather we are mindful of the day and the devastation and the trauma one year ago. So we pray for Your healing and compassion to ease any pain by the survivors and the victims' families that continues as they remember this day. O Lord let us never forget the infamy of the terror that struck our country and give to our leaders strength to address the future responsibly. And, we pray, protect those who are in harm's way and help all of us to be instruments of Your justice and peace. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate bills, were received by the Secretary of State, reading of which was waived:

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

July 12, 2002

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you House Committee Substitute for Senate Bill No. 961, entitled:

AN ACT

To repeal sections 86.370, 86.398, 86.447, 86.600, 86.671, and 86.745, RSMo, and to enact in lieu thereof eight new sections relating to police retirement systems.

I disapprove of House Committee Substitute for Senate Bill No. 961. My reason for disapproval is as follows:

This bill creates two new subsections of law, subsections 86.374.1(2) and 86.611.1(2), both of which state that "any policy adopted by the board in contravention of any provision in the statutes shall remain valid only until the close of the next regular session of the general assembly that convenes after the adoption of the policy unless the statutes are amended during the session to adopt and incorporate the policy within the statutes."

This unusual delegation of power would allow the relevant retirement board to promulgate policy that is inconsistent with state law for substantial periods of time. It is not wise policy to authorize the board to act in a manner that is above the law. Prior to the time the legislature acts to change retirement policy affecting the members of the retirement system by passing a bill and having it signed by the Governor, the board should continue to abide by state law.

For the above-stated reason for disapproval, I am returning House Committee Substitute for Senate Bill No. 961 without my approval.

Respectfully submitted,

Bob Holden

Governor

Also,

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

July 12, 2002

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you House Committee Substitute for Senate Committee Substitute for Senate Bill No. 1070, entitled:

AN ACT

To repeal sections 43.540, 547.170, 589.400, and 589.410, RSMo, and to enact in lieu thereof four new sections relating to protection of children, with penalty provisions.

I disapprove of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 1070 (hereinafter SB 1070). My reasons for disapproval are as follows:

Subsection 589.400.1(5) of this bill requires a person to register as a sexual offender if he or she has committed or does commit a sexual offense in another state or under federal jurisdiction that would require them to register if they were in Missouri **and** if he or she is required to register in another state or under federal law.

The same subsection in both Conference Committee Substitute for House Substitute No. 2 for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 969, 763, & 855 (hereinafter SB 969) and Conference Committee Substitute for House Committee Substitute for Senate Bill No. 758 (hereinafter SB 758), both of which were passed by the General Assembly during the 1992 session and signed into law on July 10, 2002, requires a person to register as a sexual offender if he or she has committed or does commit a sexual offense in another state or under federal jurisdiction that would require them to register if they were in Missouri **or** if he or she is required to register in another state or under federal law.

By creating two requirements for registration instead of one, SB 1070, as written, makes it more difficult for law enforcement to register sexual offenders relative to SB 969 and SB 758 and does not, therefore, protect the public interest and welfare to the same degree as SB 969 or SB 758. If all three bills are signed there would be a direct conflict between them, causing some question regarding which sexual offenders would be required to register.

I am compelled, therefore, to veto SB 1070 on technical grounds. SB 969 and SB 758, moreover, contain all of the other, correctly-drafted sections in SB 1070, ensuring that no useful public policy is lost by my technical veto of SB 1070.

For all of the above-stated reasons for disapproval, I am returning House Committee Substitute for Senate Committee Substitute for Senate Bill No. 1070 without my approval.

Respectfully submitted,

Bob Holden

Governor

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

July 12, 2002

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you House Committee Substitute for Senate Bill No. 749, entitled:

AN ACT

To repeal sections 21.250 and 116.050, RSMo, relating to powers of the general assembly, and to enact in lieu thereof three new sections relating to the same subject.

I disapprove of House Committee Substitute for Senate Bill No. 749. My reasons for disapproval are as follows:

Article III, section 52(b) of the Missouri Constitution specifies that the effective date of a measure referred to the people is the date on which the measure is "approved by a majority of the votes cast thereon, and not otherwise." Similarly, Article III, section 51 of the Missouri Constitution provides that the effective date for measures proposed by initiative is the date on which it is "approved by a majority of the votes cast thereon." Also, Article XII, section 2(b) provides that constitutional amendments approved by a majority of the votes cast thereon "shall take effect at the end of thirty days after the election."

This bill, which attempts to grant the authority to the General Assembly and to those who submit an initiative petition to set the effective dates of referenda and initiative measures, may in practice contravene these constitutional provisions unless the members of the General Assembly and those who submit petitions are careful to provide that the effective date is the constitutionally-required date in each instance. This bill is an unnecessarily confusing addition to settled law.

Furthermore, because the effective date of a referendum or initiative petition is the date of the public vote, or thirty days after the election for constitutional amendments, and because the voting date may be set by the General Assembly or the Governor depending on what is being voted upon (see Article III, section 52(b) and Article XII, section 2(b)), this bill may in practice unnecessarily impinge on the rights of the executive and legislative branches to set a voting date for certain public votes.

For all of the above-stated reasons for disapproval, I am returning House Committee Substitute for Senate Bill No. 749 without my approval.

Respectfully submitted,

Bob Holden

Governor

Jefferson City, Missouri

July 12, 2002

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you House Committee Substitute for Senate Committee Substitute for Senate Bill No. 980, entitled:

AN ACT

To repeal section 334.540, RSMo, and to enact in lieu thereof one new section relating to the licensing of physical therapists.

I disapprove of House Committee Substitute for Senate Committee Substitute for Senate Bill No. 980. My reasons for disapproval are as follows:

This bill deletes the section of law that prohibits the board of registration for the healing arts from issuing a license to an out-of-state physical therapist who has failed a licensing examination three or more times. It does not, however, amend section 334.530, RSMo, which prohibits the board from issuing a license to in-state physical therapists who have failed the licensing examination three or more times. Nor does the bill amend sections 334.655 and 334.660, RSMo, which prohibit the board from issuing a license to in-state or out-of-state physical therapy assistants who have failed a licensure examination three or more times. Signing this bill, therefore, would result in similarly situated persons being treated differently under the law with no apparent rationale.

Furthermore, deleting the requirement that each out-of-state physical therapist who wishes to be licensed in this state come from a state "whose requirements are substantially equal to, or greater than, the requirements for licensure of physical therapists in Missouri at the time the applicant applies for licensure" also reduces protections for Missouri citizens who rely on physical therapists for treatment.

For all of the above-stated reasons for disapproval, I am returning House Committee Substitute for Senate Committee Substitute for Senate Bill No. 980 without my approval.

Respectfully submitted,

Bob Holden

SECOND REGULAR SESSION

VETO SESSION

SECOND DAY--THURSDAY, SEPTEMBER 12, 2002

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

The Reverend Keith Simon offered the following prayer:

Father God, a year ago today we were still in shock over the evil events that had transpired on September 11th. Today, this September 12th, we are still sobered by the reality of the human condition and human suffering. After a day of reflection and remembering those who so valiantly served their fellow citizens, I pray that these Missouri Senators would approach their work and responsibilities with the same attitude of service realizing that they do not serve themselves but all Missourians. They do not serve themselves but they serve You - the God who established government and who gave them their position. Father their task is not an easy one. Often it isn't clear what the right decision is. There is always pressure from the outside. I pray that You might give them wisdom and humility and courage. In Jesus Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

President Pro Tem Kinder assumed the Chair.
